

MEMORANDUM

TO: Board of Education, Iowa City Community School District

THROUGH: Amy Kortemeyer, Interim Superintendent

FROM: Curt Pratt, Chief Operating Officer

DATE: August 4th, 2026

SUBJECT: Recommendation and Selection of Vendor for Demographic Study & Enrollment Projections RFP

Executive Summary

Following a competitive solicitation process, the District issued a Request for Proposals (RFP) for a comprehensive Demographic Study & Long-Range Enrollment Projection (2027–2037). The objective of this study is to guide future budget forecasts, staffing models, and long-term facility planning across our 20 elementary schools, three middle schools, three comprehensive high schools, and alternative programs.

Following a detailed evaluation of all submitted proposals against our published criteria, RSP & Associates is recommended for selection to perform these services.

Solicited Vendors

The RFP was directly distributed to the following qualified consulting firms:

- Applied Population Laboratory
- Cropper GIS
- MGT Consulting
- MDROffers Consulting LLC
- RSP & Associates

The RFP was also posted on the district website.

Responsive Vendors

- RSP & Associates

Amy Kortemeyer – Interim Superintendent

- Teamworks International

Evaluation & Scoring

Proposals were evaluated based on key criteria outlined in the RFP: experience of project leadership, technical competence, firm capacity, past performance accuracy, and overall responsiveness to the scope of work. Two firms submitted formal responses by the July 14, 2026 deadline.

Evaluation Criteria	RSP & Associates	Teamworks International
Firm Experience & Personnel Competence (Max 30 pts)	28/30	25/30
Past Performance & References (Max 20 pts)	18/20	17/20
Methodology & Responsiveness to Scope (Max 30 pts)	25/30	25/30
Workload Capacity & Cost-Effectiveness (Max 20 pts)	17/20	19/20
TOTAL SCORE	88/100	86/100
Proposed Cost	\$36,550	\$40,425

Amy Kortemeyer – Interim Superintendent

Important Considerations

District leadership met with RSP & Associates and expressed concern over the timeline of the deliverable for the enrollment projections and RSP assured the team that the process could begin on an accelerated timeline, which will be reflected in their final contract.

Recommendation & Next Steps

RSP & Associates demonstrated exceptional alignment with our required scope of work, including robust cohort survival and housing unit projection methods, detailed spatial analysis across individual catchment boundaries, and specialized tracking for Special Education and other student populations. RSP has also demonstrated exceptional service for many peer districts across the state of Iowa.

Upon board approval, District administration will begin contract negotiations with formal board approval of the contract at a later meeting. Formal project initiation and billing will commence only after complete contract approval by the Board. The proposed cost will be incurred in the General Fund as purchased services.

Amy Kortemeyer – Interim Superintendent
