Good Afternoon Alan and Adam,

I hope you both are well and I hope you both had a good Memorial Day weekend. As you know, over the past several weeks Justine and team have been working through open items. We definitely appreciate your assistance in helping them make progress!

Over the next couple weeks, we'll be working through reviews of the audit file and then the team will be addressing any comments that come from our reviews as well as any remaining open items. Given where we are at in the audit process, we can plan on sending over a weekly update to you going forwards so that you have detailed information from us and everyone is on the same page.

One item I did want to briefly circle back on is the changes made to the report over the past couple of weeks. Justine had shared with me that you (Alan) had made revisions to leases on the report, and then I know you also shared you made an update to cost allocation for the internal service fund as well. If you remember, back in April we had our report department go back through the report files and get the word/excel files reconnected as well as fix formatting throughout both files. I have attached the two files that our report department worked through. Alan, just to avoid any conflicts between versions or missed changes, would you mind making your changes on these versions? That way we can capture both the numbers that have changed and the setup work our report team did to get the report ready.

Please let us know if you have any questions!

Thank you,

Aaron Calderon
Assurance Manager
