Good morning Adam,

I'm currently on vacation, but want to get this audit squared away. I'll be checking my email in the evenings and Suralink for any items. I think I've already emailed you about this, but can you please take a look at the understanding memos in the audit file? These should be documented as of 6/30/23.

There is also some investment income I had some trouble locating support for. We need statements showing the following earnings amounts:

INTEREST JT INVEST	
1/31/23 TRUST	14,772.60 -14,772.60
INTEREST JT INVEST	
4/30/23 TRUST	30,562.14 -30,562.14

I'm assuming the variance is a CD or savings account that was cashed out, I'm just not sure which one. Any ideas?
