Hi Alan,

I do not see anything related to this in our AR in SU. I do not believe I have access to this information.

The IDEA Part B info should all be in the ed portal -> CASA, and in the ed portal Department Warrants section. There you should find Revenue info, claim details, GL supporting claim.

For the student reference for a high cost claim, you can go to the high cost claim section in the ed portal (under special ed billing, I believe). The SPED department would be able to provide specifics about services delivered to the student.

Cheers,

Adam Kurth

Ashley,

Can you please provide what documentation / support you have available for the high cost claim selection attached for the auditors? This request is a fairly high priority for the auditors. We are looking for documentation to validate the 68,886.

Hi Alan,

I am not sure exactly what information you are looking for, but the ID# noted is for a student who graduated last May & had been attending school out of state at Perkins School for the Blind.

I did not start in this position until this past August, so I don't know much about the situation, but I am guessing that the \$68,886 number referenced, is coming from the costs associated with [REDACTED]

[REDACTED] Hopefully these invoices will provide you with what you need, but if not, please let me know if there is any additional information that I can try to track down for you.

I am also going to loop in our other Specialist, Cassie Howard. She started about 6 months before I did, and so would have been here at the end of last school year & might have some additional knowledge about this situation, if you are in need of any other information.

Thanks,
Jade

Okay, one last thing, do you know who completes the paperwork for the high cost claims? It looks like we received a payment in June for FY 22, and I'm trying to work out how the amount for that student was calculated on that claim. If someone can send me the paperwork that was submitted, I can probably figure it out from there.

Hi Alan,

I am not sure exactly what information you are looking for, but the ID# noted is for a student who graduated last May & had been attending school out of state at Perkins School for the Blind. I did not start in this position until this past August, so I don't know much about the situation, but I am guessing that the \$68,886 number referenced, is coming from the costs associated with [REDACTED]

[REDACTED] Hopefully these invoices will provide you with what you need, but if not, please let me know if there is any additional information that I can try to track down for you.

I am also going to loop in our other Specialist, Cassie Howard. She started about 6 months before I did, and so would have been here at the end of last school year & might have some additional knowledge about this situation, if you are in need of any other information.

Thanks,
Jade
