I will be required to report for Jury Duty tomorrow. Hopefully I am not selected. Regarding the open Item requests:

Open Items

Easy Item - with any luck cleared tomorrow

95: I am waiting to hear back on one of the wires. I'm not sure what it was for, but after that I should be good to reply to your request on the schoolhouse reconciliation. There was a transaction that needs to be posted here for these wires. If the entries do not impact the consolidated report, we will pass on adjustment to minimize review.

94: I have a follow up item here for Allison to pull for me. I found the transaction but I need the detail.

93: The answer to the part B question is $\$718,195 / 2 = 359,097.50$. I have requested additional detail from Special Ed on the high cost claim.

97: I'm assuming the incorrect number was keyed into here, unless Adam if you have updated documentation. I sent you an email on the specifics of this a little bit ago.

More difficult items- Hopefully cleared by Wed / Thursday.

85: I have sent a list of capital items for Alexander to pull invoices for me to get this corrected.

All other items have been responded to.

I will check my emails as I can tomorrow, but working conditions will likely be less than ideal. I will get items updated as I can in the portal, and continue to clean the Furniture and Equipment activity. The good news on this front is we have changed our process on this, and detailed out each line item for the capital accounts by month for FY 24, so hopefully this will be cleaner for both of us next year.
