Hi Alan,

Would you please be able to look at the attached question regarding the ESF grant for FY23? We are trying to tie out the grant expenditures using GL accounts to the total grant award from the SEFA, and are coming up about \$8m short. Are we missing any accounts or other items?

Additionally, would you be able to provide us a detail of what is included in these two GL line items? From this detail, we will sub-select 4 total selections for testing!

Can you take a look at the spreadsheet attached? The numbers on the SEFA are not tying out to what I pulled on the ledger. 4044 is off. I'm also not quite sure where there 19,261,537.75 is

For your other sample selection, I'll need to work with Adam and Sam to get those, I'm just not sure where the documentation is for that, but should also have it this morning for you.

On the SEFA, I met with Adam, and we think the 44k was in error on the 4044, so we have adjusted this 33,731.47. This brings our total for the ESSER 19,236,805.
