Hey Matt and Chace,

Please see this revised version (below); let me know if you have feedback:

The FY23 audit is progressing, with the remaining work focused on finalizing and verifying our financial statements. We are ensuring all submitted information is accurate and fully reconciled. This process should be completed within three to four weeks on our end, at which point all documents will be submitted for auditor review.

Given our understanding of the turnaround time on the RSM side, we anticipate receiving the audit report by December or January. This timeline accounts for potential auditor review delays but assumes no significant issues arise.

As was previously shared as a possibility, Moody's has temporarily withdrawn the district's rating due to the audit delay, but this is a standard precaution. Once the audit is complete and submitted, our rating will be reinstated without any lasting impact.

Thank you for your understanding as we work through these final steps.
