Adam and Lucas,

I'm forwarding you this thread and looking for guidance (mainly from Adam). We are requesting cleaning products for wrestling that the athletic trainer specifically asked for. OPTI-CIDE surface wipes and P.A.W.S wipes.

Lisa Goodwin is denying the order saying we have to purchase through Hillyard (their products are similar but do not have same ingredients so I am hesitant to use, they may ruin our mats). I double checked with Liberty AT and she uses the products I am requesting, not Hillyard.

Adam, is this something I should have requested through an athletic trainer account vs building account? It has turned into quite the back and forth and I just want the correct products.

I don't expect a response tonight, hoping to find some clarity and resolve tomorrow.

Thank you both
Carly

I want to clarify, this is not for facilities, custodians or general staff. this is for specifically athletics (wrestling). The comparable products you have shared do not have the same ingredients so I am hesitant to move forward with Hillyard. Our athletic trainer is knowledgeable about what products they need to provide care to our athletes, which is why we have them. If there is someone else I need to discuss this with please let me know.

Hillyard has proven to have the best products for safety, that is why your Custodians only order from them, per Facilities. I understand that some things have always been done a certain way in the past, but the district is trying very hard to accommodate the health and safety of its students and staff in every area. I have sent out several emails that, any and all, cleaning products must be ordered from Hillyard. These emails were sent to the secretaries and Admin. This information should have been shared with staff.

I know you all think I'm a terrible person, but I'm just following the instructions that I'm given. I don't enjoy this part of my job; in fact I hate it. Being the person that has to say No is very disheartening and stressful. I'm actually a very nice person.

Hey Lucas and Chace,

From my perspective, we need to ensure that there is a specific reason (i.e., a manufacturer requirement where use of different products may void warranties) in order to justify ordering this type of product from a different supplier. I have no insight into specifics related to cleaning wrestling mats, so it seems like bringing this to activities council is appropriate. Do you know if this is urgent (like, they need cleaner ASAP), or if waiting to have the discussion until 2/7 is okay?

I'm forwarding you this thread and looking for guidance (mainly from Adam). We are requesting cleaning products for wrestling that the athletic trainer specifically asked for. OPTI-CIDE surface wipes and P.A.W.S wipes.

Lisa Goodwin is denying the order saying we have to purchase through Hillyard (their products are similar but do not have same ingredients so I am hesitant to use, they may ruin our mats). I double checked with Liberty AT and she uses the products I am requesting, not Hillyard.

Adam, is this something I should have requested through an athletic trainer account vs building account? It has turned into quite the back and forth and I just want the correct products.

I don't expect a response tonight, hoping to find some clarity and resolve tomorrow.

Thank you both
Carly

Lisa,

I want to clarify, this is not for facilities, custodians or general staff. this is for specifically athletics (wrestling). The comparable products you have shared do not have the same ingredients so I am hesitant to move forward with Hilliard. Our athletic trainer is knowledgeable about what products they need to provide care to our athletes, which is why we have them. If there is someone else I need to discuss this with please let me know.

I have reached out to Facilities to help me with this. Once I hear from them, I will pass on that information. They had me work with the Hillyard Rep to put together the list of most common items ordered and that were safe to use. There are several students and staff with product allergies. Hillyard has proven to have the best products for safety, that is why your Custodians only order from them, per Facilities. I understand that some things have always been done a certain way in the past, but the district is trying very hard to accommodate the health and safety of its students and staff in every area. I have sent out several emails that, any and all, cleaning products must be ordered from Hillyard. These emails were sent to the secretaries and Admin. This information should have been shared with staff.

I know you all think I'm a terrible person, but I'm just following the instructions that I'm given. I don't enjoy this part of my job; in fact I hate it. Being the person that has to say No is very disheartening and stressful. I'm actually a very nice person.

Since they come in 6 per Case, if you want to split the cost between the three schools (giving you two each), just let me know.

I got a quote from Hillyard and have attached it. Let me know what you'd like to do.

I can key in the order for you if you provide me with the budget account you want to use.

This order can be placed as normal (via online vendor with a p card, amazon, or a po) at this point. Lisa, this should be approved, as the manufacturer guidelines specifically require use of athletic mat cleaners.

I'm forwarding you this thread and looking for guidance (mainly from Adam). We are requesting cleaning products for wrestling that the athletic trainer specifically asked for. OPTI-CIDE surface wipes and P.A.W.S wipes.

Lisa Goodwin is denying the order saying we have to purchase through Hillyard (their products are similar but do not have same ingredients so I am hesitant to use, they may ruin our mats). I double checked with Liberty AT and she uses the products I am requesting, not Hillyard.

Adam, is this something I should have requested through an athletic trainer account vs building account? It has turned into quite the back and forth and I just want the correct products.

I don't expect a response tonight, hoping to find some clarity and resolve tomorrow.

Thank you both

I want to clarify, this is not for facilities, custodians or general staff. this is for specifically athletics (wrestling). The comparable products you have shared do not have the same ingredients so I am hesitant to move forward with Hillyard. Hillyard has proven to have the best products for safety, that is why your Custodians only order from them, per Facilities. I understand that some things have always been done a certain way in the past, but the district is trying very hard to accommodate the health and safety of its students and staff in every area. I have sent out several emails that, any and all, cleaning products must be ordered from Hillyard. These emails were sent to the secretaries and Admin. This information should have been shared with staff.
