Adam,

April 14 is our meeting with Moody's, and we're going through everything internally on April 9. So there's a bit of grace there, but not much. I'd say Monday, April 12 is the latest we need everything.

If you can't do by then, please let me know and I'll do my best to update it.

Hey Kirk,

Looping Alan Moran, our Director of Financial Reporting, in on this. We will try to get this turned around, but the individual we work with in the physical plant office on this type of thing is out of the office for the week. Would it cause you serious problems if we didn't have this to you by the 8th?

Hey Adam,

I realized that I put Monday April 12, which is not the actual day. I must've gotten my months mixed up. We'll need this by **end of business on Thursday, April 10** at the latest to give us time to put things together before our presentation on Monday.

Please let me know if that will not be possible.

Thanks,

Adam,

April 14 is our meeting with Moody's, and we're going through everything internally on April 9. So there's a bit of grace there, but not much. I'd say Monday, April 12 is the latest we need everything.

If you can't do by then, please let me know and I'll do my best to update it.
