
Fwd: RSM US LLP & Iowa Community School Districts - Geothermal Heat Pump Equipment SOWs

barnes.jeff@iowacityschools.org Jeff Barnes

Monday, January 13, 2025 at 8:49:55AM Central Standard Time

To: kurth.adam@iowacityschools.org Adam Kurth, moran.alan@iowacityschools.org Alan Moran

Good morning, I would like to set up a time to do a virtual meeting with RSM to discuss the IRA rebates available to the District. I briefly touched base with Alan on this last Friday, please let me know what works for you or if you want to discuss this more.

Thanks

Subject: RSM US LLP & Iowa Community School Districts - Geothermal Heat Pump Equipment SOWs

To: Blythe Fangmann <fangmann.blythe@iowacityschools.org>, Jeff Barnes <barnes.jeff@iowacityschools.org>, Jarod Tylee <tylee.jarod@iowacityschools.org>, Michelle Webster <webster.michelle@iowacityschools.org>

Cc: Foral, Kevin <Kevin.Foral@rsmus.com>, Richter, Sam <Sam.Richter@rsmus.com>, Cote, Deven <Deven.Cote@rsmus.com>

All,

Thank you again for the great discussion today.

As next steps, we discussed sending over an SOW for written deliverables and an SOW for tax opinions for the 8 geothermal heat pump equipment projects at the various schools located within the Iowa City Community School District. Accordingly, please see the attached two SOWs. It sounded like the business office is likely to have a preference between the two options, but we would also be happy to provide the two options in one SOW if needed to give the City more flexibility as the engagements move forward and we have a better sense of the tax credit claims.

Jeff, you had also mentioned scheduling a time to discuss the SOWs with the business office. Please let us know a few days and times with their availability, we would be happy to do that either virtually or in-person based on the business office's preference.

One other issue I mentioned in a prior e-mail that I wanted to make sure I brought to your attention as a potential value add to the School District is that if the interior lighting system, hot water systems, or the building envelope is energy efficient (i.e., designed to reduce the total annual energy and power costs by 25 percent or more in comparison to a reference building which meets the minimum requirements of Reference Standard 90.1), as a tax-exempt entity the Iowa City Community School District can allocate the 179D deduction to the architects, engineers, contractors, energy services providers, or environmental consultants (and potentially others) and negotiate a decrease in the cost of their services accordingly. If you would like RSM to explore this opportunity further, we would be happy to do so.

Thank you again for giving RSM the opportunity to potentially assist Iowa City Community School District with claiming these tax credits. We look forward to ensuring that the school district properly claims the investment tax credits, properly documents those tax credit claims, and maximizes the tax credit opportunities available to the School District for these important projects.

Sincerely,

Brian J. Polley

Good morning,

Friday works for our business office to meet, does this work for RSM?
