Alan and Adam.

Can you clarify for me what is "Set Up Money" that was used to purchase sewing machines in 2017 at Liberty High School? My guess is that this may have been Capital Project Funds when the school was built in 2017?

I typically send out an email every year to all secondary admin and financial assistants regarding Perkins Supplanting. I was wondering if this year, the email should come from one of you two?

I would be happy to help create a draft email similar to past years?

Thanks

Dom

2017 – Liberty HS machines – out of set up money – Galesburg Sewing Ctr

2016 & 2019 – sewing machine purchases – Galesburg Sewing Ctr - 10 9331 1300 390 4531 739

Machine rpr & svc: district repair account – 10 0000 2640 000 0000 433

Additional supplies not related to service: billed to supply account for that department.

Hi Peggy.

I have never ordered Sewing Machines and have only ever dealt with Tim Shields for Shields Sweing Center for maintenance. I know he does sell machines too though.

Thanks

Hi Peggy,

Dom and I were talking about how sewing machines have been purchased/paid for in the past. It sounds like if we have ever used District dollars then we can no longer use Perkins money to purchase them moving forward.

Do you have any thoughts on how we could go about determining how these have been paid for in the past? I am sure we have placed multiple orders so just trying to determine the best way to proceed.

Thanks,

Sommer Gilbert

Hi guys.

Can we meet this week to discuss. I don't feel comfortable filing this quarter's claim where I have to assure we are not supplanting.

Thanks

Do you have an account number that was utilized? And what is the context, typically when I've seen "Start up" or "Set up" those are funds that need to be used within the first few years of a project to get it started, and unless they are specifically encumbered to last indefinitely likely expire for their availability.

As to the email, since you are currently managing the Perkins portfolio, my preference would be for that email to come to you, to prevent confusion from individuals when they have questions regarding the programs.

Alan and Adam.

These sewing machine purchases came out of Fund 36, according to Peggy. This was before my time, so I don't have many details.

Yes, I handle the Perkins funds. However, I have no way to monitor or police the multiple accounts or business PCards that the district employees access and charge to their local accounts. I have no access to Fund 36 or spend any of the funds there. I am more that happy to send out my Perkins reminder email again but not certain it carries much weight.

There were two purchases of sewing machines that a previous CTE coordinator made with Perkins in 2016 and **2019**

2016 & 2019 – sewing machine purchases – Galesburg Sewing Ctr - 10 9331 1300 390 4531 739

Adam and Alan, I am hoping we can come up with a proper system to assure that this is being looked at and figure out a way that it does not happen again. This is what I certify on every single claim and what Adam signs off on and assures in the application. I can reach out to the State to have them advise us on how to proceed. My guess is that we may have to repay those purchases from 2019 if they deem the Fund 36 as district funds. They will also probably place us on an improvement plan to institute changes to make sure this does not happen again. Hoping they see the funds as a one-time use fund, not counting it as a regular sustainable district fund? Not sure, though.
