Subject: Soc report - Vista Software's data host

To: Lyndsee Detra <detra.lyndsee@iowacityschools.org>

Hello!

If you think it's worth noting in a conversation down there, our data center has full documentation on Soc 1, Soc 2 and Soc 3, as well as many other accreditations. Vista Software as a company is looking into getting Soc 2 accreditation, although that's still in progress.

I've attached a SOC2 provided by our data host, as well as one of the many bridge letters that prove they stay current. No, I don't expect you to read these, but if I say our data host as SOC reports, I want to assure you that they do!
