ICCSD team, why hello there and happy June to you and yours.

I wanted to send the attached invoice as it relates to the JA Dream Accelerator.

We have received the bill from 1220 (\$78,160) as well as the \$75,000 for FY25. Initially we had discussed splitting the 1220 costs over the two years, so since we have not yet incurred any additional costs from them, we put the full amount in there for this fiscal year.

My plan is to start providing weekly updates to the ICCSD team on Fridays related to the progress/updates (maybe will take Adam off going forward when it's not dealing with \$ unless you'd like to be on Adam 😊).

Thanks again team, looking forward to the continued partnership.
