Please verify the attached user list. Verify all users on your list are valid for access to applications they currently have assigned with your school through the Iowa Department of Education Portal.

Please reply with the following:

- User is valid for access. (Verify AEA, district, building and auditors)
- Provide a current email for those that are not the School's most current email (all school users must have the same email extension), please request the user update their email and verify they have completed the update.
- Remove access for the identified user

Please return by December 20, 2024. If you would like the help desk to complete the updates please note the required change in the spreadsheet and return it to the helpdesk email at ed.portal@iowa.gov. If you complete the updates or no updates are needed, please notify the helpdesk that the district has completed the audit.

If we don't get a verification of the audit returned to the helpdesk, all accounts except Superintendent and Business Managers will be removed on July 3, 2025.

Please let us know if you have questions.

Thanks
Jim Baumgarten
