Hello,

Thank you both for your continued mentorship and for taking the time to write a letter of recommendation on such short notice! Here are a few things that should make writing the recommendation easier.

Job Posting: <https://hillsboro1j.schoolspring.com/?jobid=5072048>

Job Description: <https://docs.google.com/document/d/1NTKz7rz-t8epGjgcFFKFjByV9rTuu9mLhFhQtvXlqIU/view?tab=t.0>
ICCS

Letterhead: https://docs.google.com/document/d/1QhGQBr3uP9DOWLYCGyTM_-2idlo2RbAmatMzqz40QKI/copy?usp=sharing

Suggestions for topics to include in the letter of recommendation:

- My efforts to promote equity and inclusion by creating and implementing standardized technology environments across all buildings (e.g., the Lu, classroom suite, fine arts upgrades).
- Work to ensure equitable access to internet, computers, and emerging technologies like artificial intelligence.
- Initiatives to improve translation and language access.
- Leadership in developing and executing key district plans: BIA, BCP, DR, IRP, and R8R.
- Context about my current role within the organization, especially in ways that demonstrate readiness to transition from a manager position to a chief-level role.
- Ongoing work to improve services for both the department and the broader district—examples include reorganizing security systems staffing, establishing a centralized registrar, and streamlining the hardware repair and ticketing process.
- Demonstrated leadership through roles such as UEN Chair, participation in the GWAEA Technology Statewide Advisory Team, and leading in-district projects like the CFI move or device roll outs.
- Departmental leadership highlights, including building and leading what I believe is the most diverse IT team in the state—or even the department in the district—with approximately 30% of staff from underrepresented ethnic backgrounds and fluency in 7 different languages.
- My ongoing efforts to improve departmental culture and climate (prezel day, summer/winter party, kickball)

I know that's a lot, hopefully it helps but if not definitely feel free to ignore all of these and write whatever you see as fit!

Thanks again,

Josh Reynolds
