Greetings,

Attached is the Open Enrollment Billing document for the Second Semester only from MPCSD to your District for fiscal year 2024-2025. I used your email from the first semester billing as adjusted per your input. Again, if you are not the person I should be emailing, please let me know and also ask you to forward to the appropriate person in the district with my apologies. I think I get closer each time even with changes in staff that happen over time.

This is the second semester bill and most likely the second bill you are receiving from us this year. Thanks in advance for processing our bills for payments. The second payment can be made anytime between now and June 20, 2025.

We decided to email the Second Semester Bill now rather than in mid-May as we originally planned as it seems our changes have slowed and we wanted to give time for review.. We have been proactive to changes as we become aware of student movements after the first billing and have adjusted up to now. We can adjust further as we become aware of any additional changes.

A few of other items:

- Special Education Students/IEP Students are not billed here except for TLC, Professional Development, and Early Intervention.
- The Second Semester Special Education Tuition In Bills will be sent from the DE's system sometime in July prior to the DE's stated due date.
- If Concurrent Enrollment billing is required, it will come under separate cover as we complete SRI for Spring 20205.

Please do not hesitate to contact me should you have questions.

Hey Peggy,

This is okay to pay, but I'd like to hold off issuing payment until the first board meeting in June. This is still pretty early, so I'm concerned about revisions (and Mid-Prairie had multiple revisions w/ their fall counts).

Cheers,

Adam Kurth
