Hi Julian,

We are working through the final stages of our delayed FY23 process with RSM, and expect to have our ACFR developed and made available during December or January, at the latest, pending further auditor requests. We will post to EMMA at that time.

Please let me know if I can provide any additional information.

Cheers,

Hi Adam,

I'm Julian Silas, a research analyst at Nuveen who is a bondholder of the district. Do you have an idea of when the district's audited FY23 financials will be available and posted to EMMA? I understand they have been delayed and only unaudited FY23 financials are available. Thank you.

Just a quick heads up for you guys, I've received a handful of this type of inquiry since the Moody's information went out; I've provided the same response I copied you guys on to all of them, and so far none have had follow-up requests for information.
