From the state (below); we just have to request prior to the deadline. I've also attached our last letter requesting an extension.

Requesting Audit Filing Extensions

The statutory deadline for filing an audit is March 31. Under Iowa Code section 11.6(6), the request for extension has to be made in writing by the district. Requests for extensions to the filing deadline must be received or postmarked by the deadline for the extension to be approved. Also, the request must and be for good cause and provided "the failure to meet the deadline was not intentional". Requests are sent by the school district to the Auditor of State, preferably via email to dana.davis@aos.iowa.gov. They may also be submitted by snail mail to the Office of the Auditor of State, State Capitol Building, Room 111, 1007 E Grand Ave, Des Moines, IA 50319-0001.
