Business Office

INTRODUCTORY SECTION (Unaudited)

Table of contents	i-ii
Superintendents introduction	iii
Letter of transmittal	iv-x
Board of education and school district officials	xi
Organizational chart	xii
GFOA Certificate of achievement for excellence in financial reporting	xiii
ASBO Certificate of excellence in financial reporting	xiv

FINANCIAL SECTION

Independent auditor's report	1-3
Management's discussion and analysis	4-12
Basic financial statements:	
Government-wide financial statements:	
Statement of net position	13-14
Statement of activities	15-16
Governmental fund financial statements:	
Balance sheet- governmental funds	17
Reconciliation of total governmental fund balances to net position of governmental activities	18
Statement of revenues, expenditures and changes in fund balances- governmental funds	19
Reconciliation of the statement of revenues, expenditures and changes in fund balances of governmental funds to the statement of activities	20
Proprietary fund financial statements:	
Statement of net position	21
Statement of revenues, expenses and changes in net position	22-23
Statement of cash flows	24-25
Fiduciary fund financial statements:	
Statement of fiduciary net position	26
Statement of changes in fiduciary net position	27
Notes to basic financial statements	28-58
Required supplementary information:	
Budgetary comparison schedule of revenues, expenditures/expenses and changes in balances budget and actual- all governmental and enterprise funds	59-60
Schedule of changes in the district's total OPEB and related ratios	61-62
Schedule of the district's proportionate share of the net pension liability	63-64
Schedule of the district's contributions	65-66
Notes to required supplementary information	67-68
Other supplementary information:	
Nonmajor governmental funds:	
Combining balance sheet	69
Combining statement of revenues, expenditures and changes in fund balances	70
Schedule of combining balance sheet- capital projects fund- by account	71
Combining schedule of revenues, expenditures and changes in fund balances- capital projects fund- by account	72
Nonmajor enterprise funds:	
Combining statement of net position	73-74
Combining statement of revenues, expenses and changes in net position	75-76
Combining statement of cash flows	77-80
Schedule of revenue by source and expenditures by function	81-82

STATISTICAL SECTION (Unaudited)

Statistical section contents	83
Financial trends:	
Net position by component	84-85
Changes in net position	86-87
General revenues and total change in net position	88-89
Fund balances, governmental funds	90-91
Changes in fund balances, governmental funds and debt service ratio	92-95
General fund revenues, by source	96
General fund expenditures, by function	97
Government-wide revenues, by source	98
Government-wide expenditures, by function	99
Revenue capacity:	
Comparison of growth in general fund revenue, expenditures, enrollment, assessed valuation and tax rate	100
Ratio of financial condition (General Fund)	101
Property tax:	
Property tax levies and collections	102
Property tax levies and collections detail	103
Taxable and 100% values of property	104-105
Tax rates by fund	106
Property tax rates per \$1,000 assessed valuation, direct and overlapping governments	107
Taxable assessed valuation by property type	108-109
Principal property taxpayers	110
Debt capacity:	
Comparative ratio of general bonded debt to assessed value	111
Ratio of annual debt service expenditures for general bonded debt to total governmental fund expenditures	112
Legal debt margin information	113-114
Ratios of general bonded debt outstanding	115
Direct and overlapping governmental activities debt	116
Outstanding debt by type	117
Pledged revenue coverage	118
Demographic and economic information:	
District and area unemployment rates and per capita income	119
Principal employers	120
Population of cities and counties within district	121
Certified resident student enrollment by grade	122
Summary of historical retail sales	123
General analysis of facilities, classrooms and staffing	124
District staffing levels	125-126
Operating information:	
Operating cost per pupil	127

COMPLIANCE SECTION

Independent auditor's report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with government auditing standards	128-129
Schedule of findings and questioned costs	130-131

Waukee Community Schools continues to be a rapidly growing and increasingly diverse school district. We believe every individual's unique background and culture enhance our schools. By focusing on the joy of learning and growth for everyone, we create a dynamic work environment for our staff while engaging our students, families and the community through innovative educational experiences.

Waukee Community School District is committed to providing all of its students with the knowledge, experiences and opportunities necessary for them to develop the competencies required for success in school, in the workforce, and in life.

Our vision is, "Inspiring learners who feel valued, challenged and prepared to embrace tomorrow's opportunities." In order to fulfill this vision, we will continue to allocate available resources to fulfill our mission and our commitment to students, as Iowa continues to fall short of fully funding the education formula for K-12 schools.

This report is a comprehensive financial record of the District for the fiscal year ended June 30, 2025. It reflects the conditions that have enabled the Waukee Community School District to maintain a favorable financial picture – even during a period of challenging growth. Among the enabling conditions are:

- We have a highly dedicated and skilled team of teachers, staff, and administrators.
- We have a highly effective Board of Education and a very supportive community.
- We serve in an atmosphere where everyone is encouraged to work at their highest level in a collaborative environment.

As you examine this report, you will see a pattern of on-going financial strength that we intend to continue into the future. We welcome your questions and suggestions. We will continue to learn together to build on our success as a learning community for the future.

Respectfully Submitted,

Dr. Brad Buck
Superintendent

December 8, 2025

Members of the Board of
Education Waukee
Community School District
Patrons of the Waukee Community School District
Waukee, Iowa

The Annual Comprehensive Financial Report (ACFR) for the Waukee Community School District (WCSD) for the fiscal year ended June 30, 2025 is submitted herewith.

Responsibility for accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rests with the District Office of Business Services. We believe the data is accurately presented, in all material respects; that the data is presented to fairly set forth the financial position of the governmental activities, business type activities, each major fund, the aggregate remaining fund information and the respective changes in financial position and cash flows where applicable; and that all necessary disclosures have been included in order to enable the reader to gain the maximum understanding of the District's financial affairs.

The Annual Comprehensive Financial Report is presented in four sections: introductory, financial, statistical, and compliance. The introductory section, which is unaudited, includes this transmittal letter, a list of principal District officials, and an organizational chart. The financial section includes the management's discussion and analysis, audited basic financial statements, required supplementary information and the combining and individual fund financial statements and schedules, as well as the independent auditor's report. The statistical section, which is unaudited, includes selected financial and demographic information, generally presented on a multiyear basis. The compliance section contains the report in accordance with Government Auditing Standards and audit findings. We encourage readers to refer to all four sections of the report, including the Management's Discussion and Analysis in the financial section, which gives a more detailed summary of the District's financial performance.

The District is required to undergo an annual single audit in conformity with the provisions of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance).

The report includes all funds of the Waukeew Community School District. The Waukeew Community School District has no component units that meet the Governmental Accounting Standards Board criteria. The District provides a full range of services including instructional, administrative, transportation, child care, food service, maintenance of sites and facilities, custodial, clerical, extra and co-curricular and athletic and activities.

This ACFR has been prepared using the guidelines recommended by the Association of School Business Officials International (ASBO) and Government Finance Officers Association of the United States and Canada (GFOA). Certificates of Excellence are awarded to school systems that have presented their ACFR to the GFOA and ASBO Panels of Review for critical review and evaluation. Receiving these awards is recognition that a school system has met the highest standards of excellence in school financial reporting. The standards used in the “Certificate of Excellence Program” and “Certificate of Achievement Program” are based on generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB). We will actively pursue these awards through the efforts of the entire Waukeew Team. The Waukeew Community School District received the ASBO certificate for its annual comprehensive financial report for the fiscal year ending June 30, 2024. The District has received this recognition from ASBO since 2004. The Waukeew Community School District received the GFOA certificate for its annual comprehensive financial report for the fiscal year ending June 30, 2024. The District has received this recognition from GFOA since 2012.

BASIS OF ACCOUNTING

The District’s accounting records were maintained on a modified accrual basis. These accounting policies are enumerated in the notes to the financial statements. All the District’s funds are presented in this report and have been audited by the District’s independent certified public accountants, Bohnsack & Frommelt LLP.

The chart of accounts used by the District is in conformance with the Uniform Accounting System for Iowa Schools and Area Education Agencies issued November 1975 and updated in 2009, by the Iowa Department of Education. The chart of accounts manual is updated on an annual basis. The District is in full compliance with these requirements.

ECONOMIC CONDITION AND OUTLOOK

The District is located on western edge of the Des Moines metropolitan area. It encompasses an area of over 50 square miles, and serves the cities of Waukee, Clive, Urbandale, and West Des Moines, as well as unincorporated portions of Dallas County. The region continues to be recognized for its favorable business climate, including a highly-skilled workforce, and strong infrastructure support. While recent indicators suggest that the pace of growth may be moderating, it remains in a solid position. Housing market conditions remain tight, but beginning to balance, and population growth continues to provide a strong foundation for school enrolment and community planning.

Several new retail medical, hospitality and recreation properties have opened during 2025 or are under construction in the district. Waukee's economic condition is sound and the outlook is one of measured growth

The Waukee Community School District is the largest school district in Dallas County, and one of the three largest in Iowa. For fiscal 2024-25, certified enrollment was 14,016. Based on conservative projections, this growth trend is expected to continue. While having a positive impact, the growth also presents challenges. The District utilizes the optional instructional support levy at a level deemed appropriate and will need to continue a high level of efficient use of human resources and facilities.

The Waukee Community School District participates in the statewide sales tax pool that is allocated to the District on a per pupil basis. Sales tax receipts remain strong and are used for capital improvements and equipment purchases.

The following table shows the projected enrollment (not certified) and age of school buildings.

School	Grade Levels	Dates of Construction / Remodeling	Enrollment for 2025-26	Enrollment for 2026-27
Waukee High School	10-12	1997, 2000, 2001, 2007, 2011, 2013	1,455	1,475
Northwest High School	10-12	2021	1,632	1,725
Prairieview	9	2004, 2009, 2010, 2021	496	513
Timberline	6-8	2015	838	900
Trailridge	9	2023	571	608
Waukee Middle School	6-8	1974, 1977, 1987, 1994, 1997, 1999, 2008, 2023	779	850
South Middle School	6-8	2010, 2021	864	887
North Middle School	6-8	2025	856	861

WCSD (Other 11 th /12 th Grade)			9	n/a

MAJOR INITIATIVES

Current year. WCSD utilized a 10-year plan for facilities and finances necessitated by the District's rapid growth, limited resources and the need to clearly outline and prioritize site and facility needs in chronological order. North Middle School opened in August 2025. WCSD also continues to upgrade its facilities, including theater arts projects at Waukee High School, a second Operations / Bus Facility, an addition to District Office and parking lot projects across the District.

Future Considerations. The 10-year facility plan and accompanying demographic information concluded that student enrollment and tax base would continue to increase at a rapid pace. Voters in the District overwhelmingly approved a \$205 million general obligation bond referendum in September 2020, and an additional \$180 million general obligation bond referendum in November 2023 to finance future growth and development.

DEBT ADMINISTRATION

The ratio of net indebtedness to assessed valuation and the amount of indebtedness per capita are useful indicators of the District's debt position. The 2025 fiscal year data shows a total outstanding indebtedness on June 30 of \$392,635,000 with a ratio of debt to 100% taxable, actual, assessed valuation of 2.87%. During FY 2025, \$32,415,556 of outstanding debt was paid. The district issued \$45,175,000 of General Obligation bonds in August 2024 for construction of new buildings, additions to current buildings and infrastructure improvements.

FINANCIAL INFORMATION

Management of the District is responsible for establishing and maintaining an internal control designed to ensure that its assets are protected from loss, theft or misuse and to ensure that accounting data are compiled to allow for the preparation of the basic financial statements in accordance with accounting principles generally accepted in the United State of America. The internal control is designed to provide reasonable, but not absolute, assurances that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management.

Single Audit. As a recipient of federal, state and county financial assistance, the District also is responsible for ensuring that an adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control is subject to periodic evaluation by management and external auditors.

As a part of the District's single audit, described earlier, tests are made to determine the adequacy of the internal control over financial reporting and its compliance with applicable laws and regulations, including those related to major federal awards programs.

Budgetary Controls. In addition, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Education. Activities of the General Fund, Special Revenue funds, Debt Service Fund, Enterprise funds and Capital Projects funds are included in the annual appropriated budget. Project length financial plans are adopted for the capital projects funds and budgeted accordingly on an annual basis. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by program level for all funds combined rather than at the individual fund level. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at the fiscal year's end. However, encumbrances generally are re-appropriated as part of the following year's budget.

As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

BASIS OF PRESENTATION

The charts and accounts used by the District have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board and Audits of State and Local Governmental Units issued by the American Institute of Certified Public Accountants. In addition, the District's accounting records conform to the Uniform Accounting System for Iowa Schools, Chapter 11 of the Code of Iowa and Area Educational Agencies issued by the Department of Education, state of Iowa. The chart of accounts manual is updated annually and the District is in full compliance with these requirements.

OTHER INFORMATION

Independent Audit. The accounting firm of Bohnsack & Frommelt LLP. was selected to perform the annual audit in accordance with Chapter 11 of the Code of Iowa. In addition to meeting the requirements set forth in state statutes, the audit was designed to meet the requirements of the Title 2, U.S. Code of Federal Regulations, Part 200, Uniform

Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). The auditor's report on the basic financial statements, combining and individual fund statements and other schedules is included in the financial section of this report.

ACKNOWLEDGEMENT

The preparation of this report on a timely basis could not have been accomplished without the effort of the accounting staff and our auditors, Bohnsack & Frommelt LLP. We would like to express our appreciation to all staff members who assisted and contributed to this report. Also, appreciation is expressed for the interest and support of the Board of Education in conducting the financial operations of the District in a most responsible and progressive manner.

Independent Auditor's Report

To the Board of Education
Waukee Community School District
Waukee, Iowa

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Waukee Community School District as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Waukee Community School District, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Waukee Community School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 16 to the financial statements, the District adopted new accounting guidance related to Governmental Accounting Standards Board Statement No. 101, *Compensated Absences*. As a result, June 30, 2024 governmental activities, business-type activities, and nonmajor enterprise funds School Nutrition fund and Community Education Fund net position was restated.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Waukeee Community School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Waukeee Community School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Waukeee Community School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in the District's total OPEB liability and related ratios, and schedule of the District's proportionate share of the net pension liability and schedule of District contributions on pages 4-12 and 59-68 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Waukee Community School District's basic financial statements. The supplementary information, as listed in the table of contents is presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2025, on our consideration of the Waukee Community School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Waukee Community School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Waukee Community School District's internal control over financial reporting and compliance.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2025

It is an honor to present to you the financial picture of Waukee Community School District. We offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the Waukee Community School District for the fiscal year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

FINANCIAL HIGHLIGHTS

The District showed an increase in net position of \$40,766,994 during the year ended June 30, 2025, compared to an increase in net position of \$49,726,758 during the year ended 2024.

Total revenues for the fiscal year ended June 30, 2025 and 2024 of \$273,166,217 and \$258,734,509 were comprised of general revenues in the amount of \$222,485,254 and \$209,863,219 and program revenues totaling \$50,680,963 and \$48,871,290, respectively.

As of June 30, 2025, the District's governmental funds reported combined ending fund balances of \$111,027,665 a decrease of \$13,449,156 in comparison to 2024. As of June 30, 2024, the District's governmental funds reported combined ending fund balances of \$124,476,821 a decrease of \$61,954,056 in comparison to 2023.

As of June 30, 2025, unassigned fund balance of the General Fund was \$28,198,287 or 15.5 percent of total General Fund expenditures. As of June 30, 2024, unassigned fund balance of the General Fund was \$20,173,838 or 12.0 percent of total General Fund expenditures.

The beginning net position for Governmental Activities, Business-Type Activities, Nutrition Fund and Community Education Fund were restated for the implementation of GASB Statement No. 101, *Compensated Absences*.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Waukee Community School District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the basic financial statements. This report also contains other information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of Waukee Community School District's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of Waukee Community School District's assets, deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2025

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements reflect functions of Waukee Community School District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction, support services, noninstructional programs, other and interest on long-term debt. Business-type activities are those that the District charges a fee to help cover the costs, such as School Nutrition and Community Education.

The government-wide financial statements include only Waukee Community School District. There are no other organizations or agencies whose financial statements should be combined and presented with the financial statements of the District.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Waukee Community School District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Waukee Community School District maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Capital Projects Fund, and Debt Service Fund which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary funds. The District maintains two types of proprietary funds: enterprise and internal service. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District maintains three non-major enterprise funds. Internal service funds are used to report the same functions presented as governmental activities in the government-wide financial statements. The District maintains three internal service funds to account for the premium and claim payments for the self-funded health insurance and dental insurance plans, as well as flexible benefits for the District's employees. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. Because the service provided by the District predominately benefits governmental, rather than business-type functions, it has been included within governmental activities in the government-wide financial statements.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2025

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Waukee Community School District's own programs. The fiduciary funds of the District are private purpose trust funds. The District accounts for outside donations for scholarships for individual students in this fund.

Notes to financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Waukee Community School District's budgetary comparison, schedule of changes in the District's total OPEB liability and related ratios and schedule of proportionate share of the net pension liability and schedule of contributions.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The District's total net position has increased from a year ago from restated \$309,576,261 to \$350,343,255.

Table 1 - Net Position

	Governmental Activities		Business-Type Activities		Total District

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2025

A significant portion of the District's total assets reflects its investment in capital assets. The District uses these capital assets to provide educational services; consequently, these assets are not available for future spending. The District's net investment in capital assets-net position was \$260,994,326 for 2025 and \$241,867,443 for 2024. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the District's net position (18.9 percent for 2025 and 19.0 percent for 2024) represents resources that are subject to external restrictions on how they may be used. These restrictions for 2025 include \$1,341,408 for categorical funding, \$3,408,974 for debt service, \$2,222,388 for management levy, \$1,405,894 for student activities, \$50,452,841 for school infrastructure and \$7,446,134 for physical plant and equipment levy. The remaining balance of unrestricted net position, \$23,071,290 for 2025 and \$11,315,092 for 2024, fluctuates due to the unfunded net pension liability and other postemployment benefit (OPEB) liability.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2025

Table 2 highlights the District's revenues and expenses for the fiscal year ended June 30, 2025 and 2024. This table utilizes the full accrual method of accounting. Revenues less expenses yielded the change in net position.

Table 2 - Changes in Net Position

	Governmental Activities		Business-Type Activities		Total District

Change in net position	39,299,067	47,462,869	1,467,927	2,263,889	40,766,994	49,726,758
Net position, beginning, as restated	296,037,021	251,503,425	13,539,240	11,442,764	309,576,261	262,946,189
Net position, ending	\$ 335,336,088	\$ 298,966,294	\$ 15,007,167	\$ 13,706,653	\$ 350,343,255	\$ 312,672,947

The District's total net position increased by \$40,766,994 during the current fiscal year as compared to a increase of \$49,726,758 in 2024. The governmental activities net position increased by \$39,299,067 in 2025 and increased by \$47,462,869 in 2024. The business-type activities, which include nutrition, community education and natatorium operations, increased by \$1,467,927 in 2025 and increased by \$2,263,889 in 2024.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2025

Revenue is further divided into two major components: program revenue and general revenue. Program revenue is defined as charges for services and sales, operating and capital grants and contributions. General revenue includes taxes and unrestricted grants such as state foundation support. Expenses are shown in programs including instruction, support services, noninstructional programs, other, interest on long-term debt, school nutrition and community education.

GOVERNMENTAL ACTIVITIES

Revenues for governmental activities were \$258,320,765 and expenses were \$219,247,552. Property taxes and other taxes such as sales tax, and utility replacement tax and state sources including state foundation aid are the primary sources of revenue for the District. These sources represent 82.5 percent of total revenues. Property and other taxes increased primarily due to increase in taxable valuations. Unrestricted state aid increased due to increased enrollment. Instruction constitutes the largest portion of governmental activities expenses at \$130,530,613 or 59.5 percent of governmental activities total expenses. Instruction expenses increased as a result of the District serving more students.

Table 3 discloses cost of services for governmental activities. The total cost of services column contains all costs related to the programs and the net cost column shows how much of the total amount is not covered by program revenues. Succinctly put, net costs are costs that must be covered by state aid or local taxes. The difference in these two columns would represent restricted grants and charges for services.

Table 3 - Governmental Activities

	Total Cost of Services		Net Cost of Services	
	Not Restated		Not Restated	
	2025	2024	2025	2024
Instruction	\$ 130,530,613	\$ 120,179,001	\$ 103,341,101	\$ 90,768,179
Support services	70,676,511	58,524,823	66,834,831	58,028,673
Other	6,304,703	7,738,403	883,069	823,001
Debt service	11,735,725	11,289,461	11,735,725	11,289,461
Total expenses	\$ 219,247,552	\$ 197,731,688	\$ 182,794,726	\$ 160,909,314

Net cost of services is 83.4 percent of total cost of services in 2025 and 81.4 percent of total cost of services in 2024. The cost of governmental activities financed by users of the District's programs was \$7,679,405 in 2025 and \$9,376,982 in 2024. Federal and state governments subsidized certain programs with grants and contributions totaling \$28,773,421 in 2025 and \$27,445,392 for 2024. The remaining net cost of the governmental activities was financed with property tax, state foundation aid and investment earnings.

BUSINESS-TYPE ACTIVITIES

- The School Nutrition, Community Education and Natatorium programs constitute the business-type activities.
- The primary sources of income are charges for services and federal revenues.
- The School Nutrition Fund's primary expenses are staff and food. The School Nutrition Fund had a increase in net position of \$893,970. For fiscal year 2024 net position increased \$1,296,804.
- The primary source of revenue for the Community Education Fund is sales of services. The Community Education Fund had a increase in net position of \$348,871 during the fiscal year. For fiscal year 2024 net position increased \$967,085.
- The primary source of revenue for the Natatorium Fund is natatorium course fees. The Natatorium Fund had a increase in net position of \$225,086 during the fiscal year. The natatorium is a new fund in fiscal year 2025.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2025

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Waukee Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Waukee Community School District's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Waukee Community School District's governmental funds reported combined ending fund balances of \$111,027,665, a decrease of \$13,449,156 in comparison with the prior year fund balance of \$124,476,821. Approximately 25.4 percent or \$28,198,287 for 2025 and 12.0 percent or \$20,173,838 for 2024, constitutes unassigned fund balance, which is available for spending at the government's discretion. The majority of the remaining fund balance for 2025 and 2024 is restricted to indicate that it is not available for new spending because it has already been restricted for other purposes.

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$28,198,287 and \$20,173,838 for 2025 and 2024, respectively while total fund balance reached \$33,976,978 in 2025 and \$27,671,884 for 2024.

As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 15.5 percent of total General Fund expenditures, and total fund balance represents approximately 18.7 percent of that same amount for 2025. For 2024, unassigned fund balance represents 12.0 percent of total General Fund expenditures, while total fund balance represents approximately 16.5 percent of that same amount.

The fund balance of the District's General Fund increased by \$6,305,094 during June 30, 2025 primarily due to an increase in local taxes, due to increases in assessed value; interest; and an increase in state foundation aid primarily due to an increase in students served by the District.

The Capital Projects Fund fund balance decreased by \$17,206,392 to \$70,013,431 in 2025. This decrease is due to planned spending on capital projects of \$78,257,944.

The Debt Service Fund fund balance decreased by \$152,076 to \$3,408,974. The District paid \$32,415,556 in principal and \$14,621,133 in interest on the long-term debt of the District.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2025

BUDGETARY HIGHLIGHTS

As allowed by GASB Statement No. 41, *Budgetary Comparison Schedules – Perspective Differences*, the District presents budgetary comparison schedules as required supplementary information based on the program structure of four functional areas as required by state statute for its legally adopted budget. In accordance with the Code of Iowa, the Board of Education annually adopts a program budget which includes all funds except internal service and fiduciary funds as described in the note to required supplementary information.

A comparison of the actual expenditures/expenses of the District's budgeted funds with the final amended program budget amounts is as follows:

	Budget		Actual Expenditures/ Expenses	Variance
	Original	Final		
Instruction	\$ 121,900,000	\$ 125,900,000	\$ 123,165,533	\$ 2,734,467
Support services	68,060,000	70,060,000	72,997,964	(2,937,964)
Noninstructional programs	12,225,000	14,225,000	13,108,633	1,116,367
Other	140,404,558	160,366,388	130,788,588	29,577,800
Total	\$ 342,589,558	\$ 370,551,388	\$ 340,060,718	\$ 30,490,670

The original budget is published at least three months prior to the start of the fiscal year-often prior to settlement of collective bargaining agreements and before final legislative action on the state budget. In the latter portion of the fiscal year the amended budget is published with "not to exceed" amounts to satisfy Iowa's statutory reporting requirements.

The original budget was amended to include additional expenditures not expected in the original budget. The actual expenditures were less than the final amended budget by \$30,490,670 due to the timing of incurring the additional expenditures for capital projects. For the year ending June 30, 2025, the District overexpended the support services function by \$2,937,964.

CAPITAL ASSETS AND DEBT ADMINISTRATION

The following table shows ending balances of capital assets invested in various categories.

Table 4 - Capital Assets as of June 30 (Net of Depreciation)						
	Governmental Activities		Business-Type Activities		Total	
	2025	2024	2025	2024	2025	2024
Land	\$ 32,510,177	\$ 18,699,007	\$ -	\$ -	\$ 32,510,177	\$ 18,699,007

Construction-in-progress	98,309,703	115,010,728	-	240,804	98,309,703	115,251,532
Total	\$ 665,426,279	\$ 599,999,654	\$ 3,624,842	\$ 3,438,625	\$ 669,051,121	\$ 603,438,279

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2025

The District recognized a total net increase in capital assets of \$65,612,844 for 2025. Major projects included construction of middle school, aquatics facility, and Waterford Elementary. Additional information about the District's capital assets can be found in Note 5 to the financial statements.

Debt

As of June 30, 2025, the Waukee Community School District had long term obligations outstanding totaling \$470,829,028 compared to \$461,056,311 as of June 30, 2024. In the current year, the District paid \$32,415,556 in principal and \$14,621,133 in interest on outstanding debt.

	Governmental Activities		Business-Type Activities		Total

Total	\$ 468,591,790	\$ 458,494,561	\$ 2,312,090	\$ 2,561,750	\$ 470,903,880	\$ 461,056,311

As of June 30, 2025, the District's available legal debt margin was \$348,668,494. Information about the District's long-term debt can be found in Note 6 to the financial statements.

Economic Factors and Next Year's Budget and Rates

The Waukee Community School District is located on the western edge of the Des Moines metropolitan area, a region that continues to be recognized for its favorable business climate. The District is the largest school district in Dallas County, and one of the three largest in Iowa. For fiscal 2024-25, certified enrollment was 14,016, a 2.5% increase over the prior year. Based on conservative projections, this growth trend is expected to continue. While having a positive impact, the growth also presents challenges. The District utilizes the optional instructional support levy at a level deemed appropriate and will need to continue a high level of efficient use of human resources and facilities.

Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities June 30, 2025

Total fund balances	\$ 111,027,665
---------------------	----------------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets net of accumulated depreciation used in governmental activities are not financial resources and, therefore, are not reported in the funds	665,426,279
--	-------------

Internal service funds are used by management to charge the costs of certain services to individual funds. The net position of the Internal Service Fund are included in governmental activities.	9,658,156
---	-----------

Pension and OPEB related deferred outflows of resources and deferred inflows of resources are not due and payable in the current year and, therefore, are not reported in the governmental funds as follows:

Deferred outflows of resources related to pension	17,075,311	
Deferred inflows of resources related to pension	(24,813)	
Deferred outflows of resources related to OPEB	2,981,913	
Deferred inflows of resources related to OPEB	<u>(1,021,930)</u>	19,010,481

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds:

Capital loan notes payable	(4,790,000)	
Equipment note payable	(4,356,903)	
Revenue bonds payable	(64,155,000)	
General obligation bonds payable	(323,690,000)	
Bond premiums	(22,801,305)	
Accrued interest	(1,194,703)	
IT subscription liability	(378,043)	
Early retirement	(13,433)	
Compensated absences	(4,001,427)	
Net pension liability	(39,065,814)	
Other postemployment benefits payable	<u>(5,339,865)</u>	<u>(469,786,493)</u>
Net position of governmental activities		\$ 335,336,088

Waukee Community School District

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended June 30, 2025

Net change in fund balances - total governmental funds \$ (13,449,156)
Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation and amortization expense. This is the amount by which capital outlays exceeded depreciation and amortization in the current period:

Capital outlay	85,253,428	
Depreciation and amortization expense	<u>(19,821,646)</u>	65,431,782
Loss on sale of capital assets		(5,157)

Some receivables will not be collected for several months after the District's fiscal year ends, and therefore, are not considered as "available" revenues in the governmental funds. Instead the receivables are deferred inflows of resources. They are, however, recorded as revenues in the statement of activities:

Other grants		(94,000)
--------------	--	----------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. The issuance of long-term debt increases liabilities in the statement of net position, while the repayment of long-term debt reduces long-term liabilities. In the statement of activities, interest is accrued on outstanding bonds, whereas in the governmental funds an interest expenditure is reported when due. The following is the detail of the net effect of these differences in the treatment of long-term debt and related items:

Issuance of long term debt	(45,175,000)	
Premium on issuance of long term debt	(3,248,456)	
Repayments of bond and note principal	32,115,109	
Amortization of premiums and discounts	3,063,707	
Issuance of equipment note	(6,592,012)	
Issuance of IT subscription liability	(210,432)	
Repayment of IT subscription liability	300,447	
Interest	<u>(106,864)</u>	(19,853,501)

The change in net position of the internal service funds represent an overcharge to the governmental funds served and, therefore, decreases expenses in the statement of activities.

3,063,546

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Early retirement	41,167	
Compensated absences	(229,127)	
Change in pension expense and related deferrals	3,648,331	
Change in OPEB expense and related deferrals	745,182	4,205,553
Change in net position of governmental activities	<u>745,182</u>	<u>\$ 39,299,067</u>

See Notes to Basic Financial Statements.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies

Nature of operations:

The Waukee Community School District (the District) is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as career and technical and recreational courses. The geographic area served includes the City of Waukee, Iowa; portions of the cities of West Des Moines, Clive and Urbandale, and the agricultural territory in Dallas County. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

Reporting entity:

In accordance with Governmental Accounting and Financial Reporting Standards, the basic financial statements include all funds, organizations, agencies, boards, commissions and authorities for which the District is financially accountable. The District has also considered all other potential organizations for which the nature and significance of their relationships with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on, the District. In addition, the GASB Statement No. 39, as amended by GASB Statement No. 61 sets forth additional criteria to determine whether certain organizations for which the District is not financially accountable should be reported as component units based on the nature and significance of their relationship with the District. These criteria include 1) the economic resources being received or held by the separate organization being entirely or almost entirely for the direct benefit of the District, its component units, or its constituents, 2) the District being entitled to, or having the ability to otherwise access, a majority of the economic resources received or held by the organization and 3) the economic resources received or held by an individual organization that the District is entitled to, or has the ability to otherwise access, are significant to the District. Based on these criteria, there are no other organizations which should be included in these basic financial statements.

Jointly governed organization: The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Dallas County Assessor's Conference Board.

Basis of presentation: The District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities and fund financial statements which provide a more detailed level of financial information.

Government-wide and fund financial statements: The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of the interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services. Interfund services provided and used are not eliminated in the process of consolidation for these statements.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

The statement of net position presents the District's nonfiduciary assets and liabilities, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets: Consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net position: Results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position: Consist of net position that does not meet the definition of the preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The focus of fund financial statements is on major funds. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

Fund accounting: The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund balance/net position, revenues and expenditures or expenses, as appropriate. The District has the following funds:

General Fund: The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund accounts for the instructional and most of the support service programs of the District's operations. Revenue of the fund consists primarily of local property taxes and state governmental aid.

Debt Service Fund: Accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. Revenue of the fund primarily consists of local property taxes.

Capital Projects Fund: Accounts for the resources used to pay for the purchase and improvement of sites, demolition work, special assessments and major building repairs, physical plant and equipment levy (PPEL) as well as the statewide sales and services tax for school infrastructure.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

The other governmental funds of the District are considered nonmajor and are as follows:

Special Revenue Funds: Are used to account for the revenue sources that are legally restricted to expenditures for specific purposes.

Management Fund: Accounts for the resources from a specific tax levy for tort liability insurance premiums, unemployment compensation insurance claims and early retirement incentive payments.

Student Activity Fund: Accounts for money held by the District on behalf of the students who have raised these funds and are responsible for their disposition for co-curricular to extracurricular activities of the District.

Proprietary Fund Types: Proprietary fund types are used to account for the District's ongoing organizations and activities which are similar to those often found in the private sector. The measurement focus is upon income determination, financial position and cash flows.

Enterprise Funds: Are used to account for those operations that are financed and operated in a manner similar to private business or where the District has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

The following enterprise funds of the District are considered nonmajor:

School Nutrition Fund: Accounts for the food service operations of the District.

Community Education Fund: Accounts for the educational programs available to the general public on a fee basis including before and after school child care and summer child care programs.

Natatorium Fund: Accounts for the District's natatorium facility.

Internal Service Fund: The Internal Service Funds are used to account for goods or services provided by one department to other departments of the District on a cost reimbursement basis. The internal service funds are charged back to the Governmental Funds and shown combined in the statement of net position and statement of activities. This chargeback is based on a percentage of total employees by the participants' various functional areas. The District has the following internal service funds:

Flexible Benefits: This fund accounts for transactions for certain benefits available to District employees in which the District is responsible for paying all premiums or costs specified by the employee.

Self-Funded Dental Plan: This fund accounts for transactions for self-insured dental insurance received by District employees in which the District is responsible for paying all claims and administrative costs attributable to the insurance.

Self-Funded Health Plan: This fund accounts for transactions for self-insured health insurance received by District employees in which the District is responsible for paying all claims and administrative costs attributable to the insurance.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Fiduciary Fund Types: Fiduciary funds account for assets held by the District in a trustee capacity for the benefit of others and cannot be used to support District activities. The District has the following fiduciary fund type:

Private Purpose Trust Fund: The Scholarship Fund accounts for assets held by the District under trust agreements with restrictions of income to be used to benefit individuals through scholarship awards.

Measurement Focus and Basis of Accounting: The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied. The District also reports a fiduciary fund which focuses on net position and changes in net position. The fiduciary fund reports on the accrual basis of accounting.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under leases and subscription-based information technology arrangements are reported as other financing sources.

Revenues – exchange and nonexchange transactions: Property taxes, other taxes, grants, entitlements and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which it is budgeted. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the District's proprietary funds are charges for food sales or tuition and fees. Operating expenses for proprietary funds include the cost of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost reimbursement grant resources to such programs and then general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the District's policy is generally to first apply the expenditure restricted fund balance and then to less restrictive classifications – committed, assigned and then unassigned fund balances.

Significant Accounting Policies:

The significant accounting policies followed by the District include the following:

Cash, cash equivalents and pooled investment accounts: The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investments in the Iowa School Joint Investment Trust, which is valued at amortized cost, and non-negotiable certificates of deposit, which are stated at cost. There are no investments in a fund earning income that is recorded in another fund.

Property tax receivable: Property tax in the governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with 1 1/2 % per month penalty for delinquent payments; is based on January 1, 2023 assessed property valuations; is for the tax accrual period July 1, 2024 through June 30, 2025 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2024.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Due from other governments: Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories: Inventories are valued at moving average cost for purchased items and contributed value (fair value at the date received) for government commodities and other donated items. Inventories are recorded as expenses when consumed in the government-wide financial statements and proprietary funds' financial statements. In the governmental fund financial statements, inventories are accounted for using the consumption method whereby inventory acquisitions are recorded in inventory accounts when purchased and are charged to operations when consumed or sold. In the proprietary fund financial statements, inventories are recorded at the lower costs (first in, first out method) or market and food commodities which were received from the federal government recorded at the contributed value as of the date received.

Capital assets: Capital assets, which include property, furniture, and equipment, are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land	\$5,000
Buildings	5,000
Improvements other than buildings	5,000
Furniture and equipment:	
Enterprise fund equipment	500
Other furniture and equipment	5,000

Capital assets (with the exception of land and construction in progress, which are not depreciated) are depreciated using the straight-line method over the following estimated useful lives:

Description	Estimated Useful Lives
Governmental Activities:	
Buildings	50 years
Improvements other than buildings	20-50 years
Furniture and equipment	5-20 years
Business-Type Activities:	
Furniture and equipment	12 years

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Leases: The District is a lessee for noncancellable leases of equipment. The District recognizes a lease liability and an intangible right to use lease asset in the governmental activities of the government-wide financial statements.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of the lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial costs to place the asset in service. Subsequently, the lease asset is amortized on a straight-line basis over the life of the lease.

Key estimates and judgments related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Subscription-Based Information Technology Arrangements (SBITA): The District has entered into contracts that convey control of the right to use information technology software. The District has recognized an IT subscription liability and an intangible right-to-use IT subscription asset in the government-wide financial statements.

At the commencement of the IT subscription term, the District initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the IT subscription liability is reduced by the principal portion of payments made. The right-to-use an IT subscription asset is initially measured as the sum of the initial IT subscription liability, adjusted for payments made at or before the commencement date, plus capitalization implementation costs less any incentives received from the SBITA vendor at or before the commencement of the subscription term. Subsequently, the right-to-use IT subscription asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to IT subscription arrangements include how the District determines the discount rate it uses to discount the expected payments to present value, term and payments.

The District uses the interest rate charged by the IT subscription vendor as the discount rate. When the interest rate charged by the vendor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

The IT subscription term includes the noncancellable period of the subscription. Payments included in the measurement of the liability are composed of fixed payments.

The District monitors changes in circumstances that would require a remeasurement of its IT subscription and will remeasure the right-to-use IT subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Right-to-use IT subscription assets are reported with other capital assets and IT subscription liabilities are reported with long-term debt on the statement of net position.

Unearned revenue: Proprietary funds defer revenue recognition in connection with resources that have been received, but not earned. Unearned revenue in governmental funds arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are also recorded as unearned revenue. Unearned revenue consists primarily of school registration fees and meal revenues collected for the programs and services in the next school year.

Accrued payroll: Payroll and the related payroll taxes and benefits for teachers with annual contracts corresponding to the school year, but have balances payable in July and August, have been accrued as a liability as they are applicable to services provided during the respective fiscal years and will be paid with available resources.

Compensated absences: District employees accumulate a limited amount of earned but unused vacation, sick leave, and personal leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when each of the following have occurred: the leave is attributable to services already rendered, the leave accumulates and carries forward from one reporting period to the next and the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means.

The District estimates the compensated absences liability for leave benefits that are more likely than not to be used or otherwise paid or settled based on historical information on employees use or payment of the benefits provided. The liability is measured using the pay rates in effect at year-end, the measurement date, and includes salary-related payments that are directly and incrementally associated with the leave liability measurement.

Long-term liabilities: In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Position.

Pensions: For purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net pension of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Total OPEB liability: For purposes of measuring total OPEB liability, deferred outflows of resources related to OPEB and OPEB expense, information has been determined based on the Waukee Community School District's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund and the Enterprise, School Nutrition Fund.

Deferred outflows/inflows of resources: In addition to assets, the balance sheet and/or statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expenses/expenditures) until then. Deferred outflows of resources in the proprietary funds and government-wide statement of net position consist of unrecognized items not yet charged to pension expense and other postemployment benefit expense and contributions from the employer after the measurement date but before the end of the employer's reporting period.

In addition to liabilities, the balance sheet and/or statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District reports unavailable revenue in the governmental funds balance sheet from grants and property tax. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available. In the District's government-wide statements, only the succeeding year property tax revenues remain as a deferred inflow of resources under the full accrual basis of accounting and will become an inflow in the year for which levied. Deferred inflows of resources in the proprietary funds and government-wide statements also include the unrecognized items not yet charged to pension expense and other postemployment benefit expense.

Cash flows: For the purpose of cash flows, the District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Fund balances: In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable: Amounts which cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

Committed: Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Education through resolution approved prior to year-end. Those committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same action it employed to commit those amounts.

Assigned: Amounts the Board of Education intend to use for specific purposes. The authority to assign fund balances has been designated by the District's Board of Education to the Chief Financial Officer.

Unassigned: All amounts not included in other spendable classifications as well as any deficit fund balance of any other governmental fund is reported as unassigned.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

The District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending, the District considers committed funds to be expended first followed by assigned funds and then unassigned.

Net position: In proprietary funds, fiduciary funds, and government-wide financial statements, net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net investment in capital assets excludes unspent bond proceeds of \$22,180,355.

Net position is reported as restricted when there are limitations imposed on their use through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Net position restricted through enabling legislation consists of \$1,341,408 for categorical funding, \$3,408,974 for debt service, \$2,222,388 for management levy, \$1,405,894 for student activities, \$50,452,841 for school infrastructure, and \$7,446,134 for physical plant and equipment levy.

Net position flow assumption: Sometimes the District will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted-net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

Interfund activity: Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 2. Budgetary and Budgetary Control

As allowed by GASB Statement No. 41, *Budgetary Comparison Schedules – Perspective Differences*, the District presents budgetary comparison schedules as required supplementary information based on the program structure of four functional areas as required by state statute for its legally adopted budget. The District exceeded budgeted amounts in the support services function.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 3. Cash and Cash Equivalents and Investments

The District invests its funds pursuant to Chapter 12B of the Code of Iowa.

District:

Deposits with financial institutions	\$ 57,405,678
Investment Pools, Iowa School Joint Investment Trust	106,581,293
	<u>\$ 163,986,971</u>

Private Purpose Trust:

Deposits with financial institutions	<u>\$ 226,726</u>
--------------------------------------	-------------------

The District is authorized by statute to invest public funds not currently needed for operating expenses in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured Iowa depository institutions approved by the Board; prime eligible bankers' acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; and certain joint investment trusts. However, the District's investment policy additionally limits investments in commercial paper to obligations at the time of purchase rated within the two highest ratings issued by nationally recognized statistical rating organizations with a maturity less than 270 days, with no more than 5 percent at the time of purchase placed in the second highest classification and no more than 10 percent of the investment portfolio in these investments.

The District's investment policy additionally limits investments in prime bankers' acceptances that mature within 270 days and that are eligible for purchase by a federal reserve bank, with no more than 10 percent of the investment portfolio in these investments. The District does not have further policies regarding interest rate risk, credit risk, concentration of credit risk and custodial credit risk that differentiate the policies from state statutes.

As of June 30, 2025, the District had investments in the Iowa Schools Joint Investment Trust Direct Government Obligations Portfolio which are valued at an amortized cost of \$106,581,293 pursuant to Rule 2a-7 under the Investment Company Act of 1940. There were no limitations or restrictions on withdrawals.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets or identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. As of June 30, 2025, the District's investments were as follows:

	Investment Maturities (in Years)					Level Input	Rating Standard & Poor
	Fair Value	<1	1-5	6-10	>10		
Investment Pools, Iowa Schools Joint Investment Trust	\$ 106,581,293	\$ 106,581,293	\$ -	\$ -	\$ -	N/A	AAAm

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 3. Cash and Cash Equivalents and Investments (Continued)

Interest rate risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. As a means of limiting exposure to fair value losses arising from rising interest rates, the District's investment policy requires operating funds to be invested in investments that mature within 397 days or less. When investing other than operating funds, the investments must mature according to the needs of the funds.

Operating funds of the District are funds which are reasonably expected to be used during a current budget year or within 15 months of receipt. The maturity of the District's position in an external investment pool is based on the average maturity of the pool's investments.

Custodial credit risk: In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's deposits in banks as of June 30, 2025 of \$57,632,177 were entirely covered by federal depository insurance, collateralized with letters of credit held by the District, or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This Chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investments or collateral securities that are in the possession of another party. As of June 30, 2025, the District's investments are not exposed to custodial credit risk.

Credit risk: Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of rating by a nationally recognized statistical rating organization. The District has not formal investment policy that would limit its investment choices to items other than those allowed by Illinois law. The credit ratings related to the Illinois School District Liquid Asset Fund and Treasury Bills are discussed in the chart above.

Concentration of credit risk: No investments in any one issuer, other than U.S. Treasury and federal agency securities, represent 5 percent or more of the fund's total investments.

Note 4. Interfund Transfers

The following is a schedule of transfers as included in the basic financial statements of the District:

	Transfers In	Transfers Out
Major funds:		
General	\$ 225,854	\$ 348,763
Debt Service Fund	16,473,629	-
Capital Projects Fund	-	16,342,060
Other nonmajor governmental funds	217,194	-
Other nonmajor enterprise funds	300,000	525,854
	<u>\$ 17,216,677</u>	<u>\$ 17,216,677</u>

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 4. Interfund Balances and Transfers

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The Capital Projects Fund transfers to the Debt Service Fund to pay revenue bonds and capital loan notes.

Note 5. Capital Assets

Capital asset activity for the governmental activities for the year ended June 30, 2025 was as follows:

	Balance June 30, 2024	Additions	Retirements	Balance June 30, 2025

Total OPEB liability	7,098,660	-	1,758,795	5,339,865	177,935
Total	\$ 458,494,561	\$ 55,455,027	\$ 45,357,798	\$ 468,591,790	\$ 38,251,093
Business-type activities,					
Compensated absences	\$ 233,665	\$ 47,382	\$ -	\$ 281,047	\$ 150,865
Net pension liability	1,928,567	-	220,126	1,708,441	-
Total OPEB liability	399,518	-	76,916	322,602	7,781
Total	\$ 2,561,750	\$ 47,382	\$ 297,042	\$ 2,312,090	\$ 158,646

Net OPEB liability and net pension liability are generally liquidated by the General Fund for governmental activities and the respective funds for business-type activities.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 6. Long-Term Debt (Continued)

The District's long-term debt is as follows:

Capital loan notes payable:

The District issued \$20,525,000 on October 28, 2019 in capital loan notes for site acquisition and construction, furnishing, equipping, repairing, remodeling, reconstruction, improving or expanding school building and sites or additions to school buildings, including constructing, furnishing, and equipping an athletic facility on the site of the new Northwest High School.

Details of the District's capital loan note indebtedness as of June 30, 2025, are as follows:

Year ending June 30:	Capital Loan Notes			
	Interest Rates	Principal	Interest	Total
2026	5.00%	\$ 4,790,000	\$ 239,500	\$ 5,029,500
Total		\$ 4,790,000	\$ 239,500	\$ 5,029,500

Revenue bonds:

The District issued \$16,690,000 on April 1, 2014 in revenue bonds for the capital facility construction of Timberline. The District issued \$19,990,000 on June 9, 2015 in revenue bonds for the capital facility construction of the Waukee Innovation and Learning Center (WILC). The District issued \$14,700,000 on October 19, 2017 in revenue bonds for the capital facility construction of Radiant Elementary.

On March 12, 2020, the District issued \$49,350,000 School Infrastructure Sales, Services, and Use Tax Revenue and Refunding Bonds, Series 2020A. The bonds were issued for school infrastructure projects and to current refund \$10,520,000 of the School Infrastructure Sales, Services and Use Tax Revenue and Refunding Bonds, Series 2012C on June 1, 2020. The bonds interest rates range from 2.00 percent to 5.00 percent and require semi-annual interest payments on June 1 and December 1 and annual principal payments on June 1 each year beginning June 1, 2023 until maturity on June 1, 2039.

On March 8, 2021, The District issued \$8,080,000 School Infrastructure Sales, Services and Use Tax Revenue Bonds, Series 2021A. The bonds were issued for school infrastructure projects and to current refund \$9,790,000 of the School Infrastructure Sales, Services and Use Tax Revenue and Refunding Bonds, Series 2013C on June 1, 2021. The District current refunded the Series 2013C bonds to reduce its debt service payments over the next ten years by \$1,522,542 and to obtain economic gain of \$1,187,023. The bonds interest rates range from 4.00 to 5.00 percent and require semi-annual interest payments on June 1 and December 1 and annual principal payments on June 1 each year beginning June 1, 2023 until maturity on June 1, 2029.

The revenue bonds will be repaid using statewide sales, service and use tax collected in the Capital Projects, Statewide Sales, Services and Use Tax Account.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 6. Long-Term Debt (Continued)

The District has pledged future statewide sales, services and use tax revenues to repay the \$64,155,000 outstanding revenue bonds. The statewide sales, services and use tax revenue bonds were issued for the purpose of defraying a portion of the cost of school infrastructure. The bonds are payable solely from the proceeds of the statewide sales, services and use tax revenue received by the District. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District. The total principal and interest remaining to be paid on the bonds is \$73,795,911. For the current year, principal of \$6,685,000 and interest of \$2,145,444 was paid on the bonds and total statewide sales and services tax revenues were \$18,086,486.

The resolution providing for the issuance of the revenue bonds included the following provisions:

- \$8,831,694 of the proceeds from the issuance of the revenue bonds shall be deposited to a reserve account to be used solely for the purpose of paying principal and interest on the bonds if insufficient money is available in the sinking account. The balance of the proceeds shall be deposited to the project account.
- All proceeds from the statewide sales, services and use tax shall be placed in a revenue account.
- Monies in the revenue account shall be disbursed to make deposits into a sinking account to pay the principal and interest requirements of the revenue bonds for the fiscal year. At June 30, 2025, there was \$735,956 deposited in the sinking account.
- Any monies remaining the revenue account after the required transfer to the sinking account may be transferred to the project account to be used for any lawful purpose.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Total		\$ 4,356,903	\$ 225,631	\$ 4,582,534

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 6. Long-Term Debt (Continued)

IT Subscription Liabilities:

As of June 30, 2025, the District has entered into various subscription based information technology agreements. The agreements require annual payments and have an interest rate of 4.0 percent. The debt service of the IT subscription liabilities are as follows:

Year ending June 30:	SBITA		
	Principal	Interest	Total
2026	\$ 304,048	\$ 15,121	\$ 319,169
2027	68,046	2,960	71,006
2028	5,949	238	6,187
	<u>\$ 378,043</u>	<u>\$ 18,319</u>	<u>\$ 396,362</u>

General Obligation Bonds:

On October 4, 2016, the District issued \$30,915,000 in General Obligation Bonds, Series 2016B to crossover advance refund \$31,465,000 of outstanding general obligation bonds dated May 1, 2009. On August 1, 2018, the District issued \$25,240,000 in General Obligation Bond Series 2018. On June 3, 2019, the District issued General Obligation Bonds of \$103,640,000 for capital facility construction for Northwest High School. On November 4, 2020, the District issued General Obligation Bonds of \$84,290,000 and on April 26, 2022, the District issued \$59,920,000. The bonds were issued to build, furnish, and equip two middle level buildings, an elementary building, a pool athletic facility, and improve sites; therefore, to build, furnish and equip an addition to the Waukee Innovation and Learning Center.

On June 14, 2023, the District issued \$60,790,000 General Obligation School Bonds, Series 2023A to construct and equip two middle level buildings, an elementary building, and a pool athletic facility as well as to construct an addition to the Waukee Innovation and Learning Center, acquire land for school facilities, and to make improvements to instructional facilities.

On August 29, 2024, the District issued \$45,175,000 General Obligation School Bonds, Series 2024A to construct and equip an elementary building, an auditorium/fine arts addition to Waukee High School, improvements to the Waukee High School stadium, an auditorium at South Middle School, a second operations and transportation facility, an addition to the District's administration office and land acquisition for District facilities and other improvements to the District's instructional facility.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 6. Long-Term Debt (Continued)

Subsequent Event:

On August 11, 2025, the Board of Education approved the issuance of \$29,710,000 General Obligation School Bonds, Series 2025A for capital improvements. Interest ranges from 4.25% to 5.0% and is payable semiannually on June 1 and December 1 beginning June 1, 2026. Principal is payable annually on June 1, 2026 through June 1, 2045.

As of June 30, 2025, the District did not exceed its legal debt margin computed as follows:

Total assessed valuation	\$ 13,637,668,802
Debt limit, 5% of total assessed valuation	\$ 681,883,440
Amount of debt applicable to debt limit, total indebtedness:	
General obligation bonds	323,690,000
General obligation capital loan notes	4,790,000
Equipment note	4,356,903
IT subscription liability	378,043
	<u>333,214,946</u>
Excess of debt limit over debt outstanding, legal debt margin	<u><u>\$ 348,668,494</u></u>

Note 7. Early Retirement

The District does not offer an early retirement plan each year. During the year ended June 30, 2022, the District offered an early retirement plan. Eligible employees were at least 55 year old on June 30 and employees completed required years of continuous service to the District. Employees filed a letter of intent which was required to be approved by the Board of Education.

The early retirement incentive offered for each eligible employee was a non-elective cash contribution of 50% times the 2021-2022 contract salary amount plus \$10,000 lump sum into the District 403(b). The early retirement cash benefit will be paid into the District 403(b) plan. The payment was made in one lump sum in July 2022.

In June 2019, the District offered a voluntary early retirement plan to its employees. Eligible employees were at least 55 years old on June 30 and employees completed 15 years of continuous service to the District. Employees filed a letter of intent which was required to be approved by the Board of Education. The early retirement incentive offered for each eligible employee was equal to 30% of the year of retirement base salary. In addition, the District paid an amount not to exceed \$6,000 per year towards the cost of medical insurance until the employee becomes eligible for Medicare. The early retirement cash benefits were paid in July following the start of retirement into a tax shelter annuity in the State of Iowa plan of the employee's choice.

At June 30, 2025, the District has obligations to 4 participants with a total liability of \$13,433. Actual early retirement expenditures for the year ended June 30, 2025 totaled \$41,167. The early retirement is recorded as a long-term liability of the governmental activities in the government-wide financial statements. Early retirement benefits are paid by the special revenue, Management Levy Fund.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 8. Postemployment Benefits Other Than Pensions (OPEB)

General Information about the OPEB Plan

Plan description: The District administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses. Group insurance benefits for employees are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Benefits provided: Individuals who are employed by Waukee Community School District and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical and prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2025, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	29
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	1,778
	<u>1,807</u>

The full monthly premium rates as of July 1, 2025 for each plan are as shown below:

Rate Tier	PPO	POS	HDHP
Single	\$ 789	\$ 598	\$ 518
Subscriber and Spouse	1,616	1,225	1,062
Subscriber and Child(ren)	1,494	1,132	981
Family	2,422	1,836	1,591

Total OPEB Liability

The District's total OPEB liability of \$5,662,467 was measured as of June 30, 2025 and was determined by an actuarial valuation as of June 30, 2024 rolled forward to June 30, 2025.

Actuarial assumptions and other inputs: The total OPEB liability in the June 30, 2025 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	3.00% per annum
Salary increases	3.50% per annum
Discount rate	5.20% per annum
Retirees' share of benefit-related costs	100%
Health care cost trend rate	7.75%
	The trend rate is reduced by 0.25% each year until reaching the ultimate trend rate of 4.00%

The discount rate was based on the Bond Buyer 20-Bond GO index. Mortality rates were based on the PUB-2010 headcount weighted base mortality table, projected generationally using Scale MP-2021, applied on a gender-specific and job class basis. The actuarial assumptions used in the June 30, 2025 roll forward valuation were based on the results of an actuarial experience study for the period 2010 – 2023.

Waukee Community School District

Note 8. Other Postemployment Benefits (Continued)

Changes in the Total OPEB Liability

There were no changes as a result of changes in benefit terms.

Changes of assumptions or other inputs reflect a change in the discount rate from 3.93% per annum in 2024 to 5.20% per annum in 2025.

	Total OPEB Liability (a)
Balance at July 1, 2024	\$ 7,498,177
Changes for the year:	
Service cost	1,017,078
Interest	331,001
Changes of benefit terms	(2,171,698)
Differences between expected and actual experience	-
Changes in assumptions or other inputs	(826,375)
Benefit payments	(185,716)
Net changes	(1,835,710)
Balance at June 30, 2025	\$ 5,662,467

Sensitivity of the total OPEB liability to changes in the discount rate: The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current discount rate:

	1% Decrease 4.20%	Discount Rate 5.20%	1% Increase 6.20%
Total OPEB liability	\$ 6,286,000	\$ 5,662,467	\$ 5,101,000

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates: The following presents that total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1-percentage point higher than the current healthcare cost trend rates.

	1% Decrease 6.75%	Healthcare Cost Trend Rates 7.75%	1% Increase 8.75%
Total OPEB liability	\$ 4,820,000	\$ 5,662,467	\$ 6,695,000

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 8. Other Postemployment Benefits (Continued)

For the year ended June 30, 2025, the District recognized OPEB expense of \$592,054. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 469,609	\$ (47,335)
Changes of assumptions or other inputs	2,637,780	(1,022,724)
Net difference between projected and actual investments	-	-
Total	\$ 3,107,389	\$ (1,070,059)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:

2026	\$ 231,566
2027	231,566
2028	231,566
2029	231,566
2030	231,566
Thereafter	879,500
	\$ 2,037,330

Note 9. Pension and Retirement Benefits

Plan Description – IPERS membership is mandatory for employees of the District, except for those covered by another retirement system. Employees of the District are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at 7401 Register Drive P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits – A regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012, will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25 percent for each month that the member receives benefits before the member's earliest normal retirement age. For service earned starting July 1, 2012, the reduction is 0.50 percent for each month that the member receives benefits before 65.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 9. Pension and Retirement Benefits (Continued)

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions – Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires that the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2025, pursuant to the required rate, Regular members contributed 6.29 percent of covered payroll and the District contributed 9.44 percent of covered payroll for a total rate of 15.73 percent.

The District's contributions to IPERS for the year ended June 30, 2025 were \$10,613,541.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2025, the District reported a liability of \$40,774,255 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2024, the District's collective proportion was 1.1197120 percent, which was an increase of .032503 from its proportion measured as of June 30, 2023.

For the year ended June 30, 2025, the District recognized pension expense of \$6,878,154. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,244,784	\$ 24,987
Changes of assumptions	-	570

Total	\$ 17,822,396	\$ 25,557

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 9. Pension and Retirement Benefits (Continued)

\$10,613,541 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	
2026	\$ (3,743,628)
2027	10,873,909
2028	942,067
2029	(1,000,123)
2030	111,073
Thereafter	-
Total	\$ 7,183,298

There were no non-employer contributing entities to IPERS.

Actuarial Assumptions – The total pension liability in the June 30, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of Inflation (effective June 30, 2017)	2.60 percent per annum
Salary Increases (effective June 30, 2017)	3.25 percent to 16.25 percent average, including inflation. Rates vary by membership group.
Investment rate of return (effective June 30, 2017)	7.00 percent per annum, compounded annually, net of investment expense, including inflation
Wage growth (effective June 30, 2017)	3.25 percent per annum, based on 2.60 percent inflation and 0.65 percent real wage inflation

The actuarial assumptions used in the June 30, 2024 valuation were based on the results of a quadrennial experience study covering the period of July 1, 2017 through June 30, 2021. Mortality rates used in the 2024 valuation were based on the PubG-2010 mortality tables with future mortality improvements modeled using Scale MP-2021.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 9. Pension and Retirement Benefits (Continued)

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	21.0%	3.52%
International equity	13.0%	5.18%
Global smart beta equity	5.0%	4.12%
Core plus fixed income	25.5%	3.04%
Public credit	3.0%	4.53%
Cash	1.0%	1.69%
Private equity	17.0%	8.89%
Private real assets	9.0%	4.25%
Private credit	5.5%	6.62%
Total	100%	

Discount Rate – The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the contractually required rate and that contributions from the District will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate.

	1% Decrease (6.0%)	Discount Rate (7.0%)	1% Increase (8.0%)
District's proportionate share of the net pension liability	\$ 100,059,290	\$ 40,774,255	\$ (8,877,275)

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payables to the Pension Plan – At June 30, 2025, the District reported payables to the defined benefit pension plan of \$889,336 for legally required employer contributions and \$592,577 for legally required employee contributions which had been withheld from employee wages but not yet remitted to IPERS.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 10. Risk Management

Waukee Community School District is exposed to various risks of loss related to torts; theft; damage to an destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. During the year ended June 30, 2025, there were no significant reductions in coverage.

Partial Self-Funded Dental Insurance Plan:

The District began a partial self-funded dental insurance plan during the year ended June 30, 2005. The plan is administered through a service agreement with Mercer. The District assumes liability for a maximum of the first \$1,500 of dental claims for each employee who participates in the plan. Employees participating in the plan are charged a premium each year to cover any estimated costs of the plan. The District reports the plan in the Internal Service, Self-Funded Dental Plan Fund.

A reconciliation of changes in the aggregate liabilities for claims for the years ending are as follows:

	2025	2024
Unpaid claims at beginning of year	\$ 144,393	\$ 117,853
Incurred claims	988,277	989,158
Payment	1,048,444	962,618
Unpaid claims at end of year	<u>\$ 84,226</u>	<u>\$ 144,393</u>

Self-Funded Health Insurance Plan:

The District has established the internal service fund to account for a premium and claim payments for a self-insured group health insurance plan for the District's employees to meet potential losses from medical claims. The District purchases commercial insurance to provide for aggregate stop-loss coverage for the excess of 125 percent of estimated claims for the plan year and specific stop-loss reinsurance coverage for the excess \$100,000 in insured claims for any one covered individual. Settled claims have not exceeded the commercial coverage in any of the past three calendar years.

Payments are made to the plan based on the actuarial estimates of amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claims payable include all known claims and an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are estimated by considering the effects of inflation, recent claims settlement trends, including frequency and amount of pay-outs and other economic and social factors. The plan receives an annual actuarial opinion and an annual report is filed with the State of Iowa Insurance Division.

Changes in the balances of claims payable during the years ending are as follows:

	2025	2024
Claims payable, beginning of year	\$ 1,790,908	\$ 1,809,572
Incurred claims (including IBNR and changes in estimates)	11,605,520	11,937,502
Claim payments	12,084,385	11,956,166
Claims payable, end of year	<u>\$ 1,312,043</u>	<u>\$ 1,790,908</u>

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 11. Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$5,421,634.

The Governor signed House File 2612 on March 27, 2024, which changes the percentage of educational and media services funding generated through local property taxes by Districts which flow through to each Area Education Agency (AEA) beginning July 1, 2024. For fiscal year 2026, 100% of the educational and media services funds generated by Districts will be received directly by the District and none will flow through to the AEAs. Also, for fiscal year 2026, Districts will flow through 90% (instead of 100%) of special education support services funds to AEAs, who will code the funds as a combination of state aid and property taxes.

Note 12. Commitments and Contingencies

As of June 30, 2025, the District is involved in various claims against the District that arise in the normal course of operations, which are covered by insurance. The outcome and eventual liability of the District, if any, from these claims and any unasserted claims is not known at this time; however, management does not believe they will be material to the basic financial statements.

The District has entered contract commitments with contractors for completion of several construction projects. The total contract commitments are \$173,022,097 of which \$147,174,515 has been incurred as of June 30, 2025. The unpaid commitments balance is \$25,847,583. Revenue and debt will provide funding for these future expenditures.

The District has been notified by Dallas County that the taxable value of a property in the county contained an error that will have a negative impact on the District's property tax revenues. It is estimated that the reduction in taxable valuation will be \$131,644,741 resulting in a reduction in property taxes in fiscal year 2026 of \$2,337,847.

Note 13. Categorical Funding

In accordance with the Iowa Administrative Code Section 98.1, categorical funding is financial support from the state and federal governments targeted for particular categories of students, special programs, or special purposes. This support is in addition to school district or area education agency general purpose revenue, for purposes beyond the basic educational program and most often has restrictions on its use. Any portion of categorical funding provided by the state that is not expended by the end of the fiscal year must be carried forward as a restricted fund balance.

Program	Contract Amount
Teacher salary supplement	\$ 296,907
Teacher leadership	738,170
Educator quality, professional development	236,830
Computer science professional development	6
Gifted and talented	57,503
Successful progression for early readers	9,317
Other	2,675
Total categorical funding	\$ 1,341,408

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 14. Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments. Other entities within the District provide tax abatements for urban renewal and economic development projects pursuant to Chapter 15 and 403 of the Code of Iowa.

Property tax revenues of the District were reduced by the following amounts for the year ended June 30, 2025 under tax abatement agreements of other entities:

Entity	Tax Abatement Program	Amount of Tax Abated
City of Waukee, Iowa	Urban renewal and economic development projects	\$ 1,364,789
City of West Des Moines, Iowa	Urban renewal and economic development projects	503,938
City of Clive, Iowa	Urban renewal and economic development projects	43,450

The State of Iowa reimburses the District an amount equivalent to the increment of valuation on which property tax is divided times \$5.40 per \$1,000 of taxable valuation. For the year ended June 30, 2025, this reimbursement amounted to \$578,600.

Note 15. New Governmental Accounting Standards Board (GASB) Statements

The District adopted the following statements during the year ended June 30, 2025:

GASB Statement No. 101, *Compensated Absences*, issued June 2022. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave District accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. With respect to financial statements prepared using the current financial resources measurement focus, this Statement requires that expenditures be recognized for the amount that normally would be liquidated with expendable available financial resources. This Statement amends the existing requirements to disclose the gross increases and decreases in a liability for compensated absences to allow governments to disclose only the net change in the liability (As long as they identify it as a net change). In addition, governments are no longer required to disclose which governmental funds typically have been used to liquidate the liability for compensated absences.

GASB Statement No. 102, *Certain Risk Disclosures*, issued December 2023. The objective of this Statement is to provide users of government financial statements with information about risks related to a government's vulnerabilities due to certain concentrations or constraints that is essential to their analyses for making decisions or assessing District accountability.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2025

Note 15. New Governmental Accounting Standards Board (GASB) Statements (Continued)

A government should provide information in sufficient detail to enable users of financial statements to understand the nature of the circumstances disclosed and the government's vulnerability to the risk of a substantial impact associated with the concentration or constraint. The disclosures should include descriptions of the following: (a) The concentration or constraint (b) Each event associated with the concentration or constraint that could cause a substantial impact if the event had occurred or had begun to occur prior to the issuance of the financial statements (c) Actions taken by the government prior to the issuance of the financial statements to mitigate the risk.

The above statements did not have a significant impact to the District except for GASB Statement No. 101 required the District to restate beginning net position of the governmental activities, business-type activities, and nonmajor funds School Nutrition Fund and Community Education Fund.

As of June 30, 2025, GASB had issued several statements not yet required to be implemented by the District. The Statements which might impact the District are as follows:

GASB Statement No. 103, *Financial Reporting Model Improvements*, issued April 2024, will be effective for the District beginning with its fiscal year ending June 30, 2026. The objective of this statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's District accountability. This statement also addresses certain application issues.

GASB Statement No. 104, *Disclosure of Certain Capital Assets*, issued September 2024, will be effective for the District beginning with its fiscal year ending June 30, 2026. The objective of this statement is to provide users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in District accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in District accordance with Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in District accordance with Statement No. 96, *Subscription-Based Information Technology Arrangements*, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement also requires additional disclosures for capital assets held for sale.

The District's management has not yet determined the effect these Statements will have on the District's financial statements.

Note 16. Restatement

The District implemented GASB Statement No. 101, *Compensated Absences*, which required the District to restate net position as of June 30, 2024, follows:

	Governmental	Business-Type	Nonmajor Funds	
	Activities	Activities	School Nutrition	Community Education
Net position June 30, 2024, as previously reported	\$ 298,966,294	\$ 13,706,653	\$ 11,024,753	\$ 2,681,900
Compensated absences previously reported	843,027	66,252	20,137	46,115
Compensated absences	(3,772,300)	(233,665)	(155,641)	(78,024)
Net position June 30, 2024, as restated	\$ 296,037,021	\$ 13,539,240	\$ 10,889,249	\$ 2,649,991

Notes to Required Supplementary Information

Note 1. Budgets and Budgetary Information

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except internal service, and fiduciary funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the accrual basis.

Formal and legal budgetary control for the certified budget is based upon four major classes or expenditures known as functions, not by fund or fund type. These four functions are instruction, support services, noninstructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides that District expenditures in the General Fund may not exceed the amount authorized by the school finance formula. During the year, the District adopted one budget amendment increasing budgeted expenditures by \$27,961,380.

During the year ended June 30, 2025, expenditures exceed the amounts budgeted in the support services function.

Note 2. Iowa Public Employees' Retirement System Pension Liability

Changes of benefit terms:

There are no significant changes in benefit terms.

Changes of assumptions:

The 2022 valuation incorporated the following refinements after a quadrennial experience study:

- Changed mortality assumptions to the PubG-2010 mortality tables with mortality improvements modeled using Scale MP-2021.
- Adjusted retirement rates for Regular members.
- Lowered disability rates for Regular members.
- Adjusted termination rates for all membership groups.

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

Waukee Community School District

Notes to Required Supplementary Information

Note 2. Iowa Public Employees' Retirement System Pension Liability (Continued)

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

Statistical Section

Waukee Community School District

Statistical Section Contents

The statistical section of the District's annual comprehensive financial report presents detailed information as a context for understanding what the information presented in the financial statements, note disclosures and required supplementary information say about the District's overall financial health.

Contents	Page
Financial Trends	
These schedules contain trend information to help the reader understand how the District's financial performance and well being have changed over time.	84-99
Revenue Capacity	
These schedules contain information to help the reader assess the District's most significant local revenue sources, the property tax (or sales tax).	100-110
Debt Capacity	
These schedules present information to help the reader assess the affordability of the District's current level of outstanding debt and the District's ability to issue additional debt in the future.	111-118
Demographic and Economic Information	119-126
These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information	127
These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial report for the relevant year.

COMPLIANCE

**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance With *Government Auditing Standards***

To the Board of Education
Waukee Community School District
Waukee, Iowa

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Waukee Community School District (the District) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 17, 2025.

Our report includes an emphasis of matter paragraph for the implementation of Governmental Accounting Standards Board Statement No. 101.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of Waukee Community School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of non-compliance or other matters which are described in Part II of the accompanying Schedule of Findings and Responses.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2025 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Bohnsack & Frommelt LLP". The script is cursive and fluid.

Moline, Illinois
November 17, 2025

Waukeel Community School District

Schedule of Findings and Responses Year Ended June 30, 2025

Part I: Findings Related to the Basic Financial Statements

Instances of noncompliance:

No matters were reported.

Internal control deficiencies:

No matters were reported.

Part II: Other Findings Related to Statutory Reporting

II-A-25 - Certified Budget:

Finding: The District overexpended the support services function (\$2,937,964).

Recommendation: The certified budget should be amended in accordance with Chapter 24.0 of the Code of Iowa before expenditures exceed budget.

Response and Corrective Action Plan: The District appropriately amended the budget in May 2025, however, subsequent to the amendment the District received a shipment of 7,100 Apple devices in June 2025 that were ordered to be received in July. In addition, the value of the financing was recorded as support services expenditures and issuance of the note in accordance with GAAP.

Conclusion: Response accepted.

II-B-25 - Questionable Expenditures: There were no expenditures noted that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.

II-C-25 - Travel Expense: No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.

II-D-25 - Business Transactions: No business transactions between the District and District officials or employees were noted.

II-E-25- Restricted Donor Activity: No transactions were noted between the District, District officials or District employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.

II-F-25 - Bond Coverage: Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.

II-G-25 - Board Minutes: No transactions requiring Board approval which had not been approved by the Board were noted.

II-H-25 - Certified Enrollment:

Finding: The District identified variances in certified enrollment certified to the state in October 2024.

Recommendation: We recommend the District review certified enrollment data for accuracy prior to submission to the state.

Response and Corrective Action Plan: The District will continue to review data prior to submission. Unfortunately, facts are learned after certification date that result in required adjustments.

Conclusion: Response accepted

Waukee Community School District

Schedule of Findings and Responses Year Ended June 30, 2025

II-I-25 - Supplementary Weighting:

Finding: The District identified variances in supplementary weighting submitted to the state in October 2024.

Recommendation: We recommend the District review supplementary weighting data for accuracy prior to submission to the state.

Response and Corrective Action Plan: The District will continue to review data prior to submission.

Conclusion: Response accepted.

II-J-25 - Deposits and Investments: No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy were noted.

II-K-25 - Certified Annual Report: The certified annual report was certified timely to the Iowa Department of Education.

II-L-25 - Categorical Funding: No instances of categorical funding being used to supplant rather than supplement other funds were noted.

II-M-25 - Statewide Sales and Services Tax: No instances of noncompliance with the use of the statewide sales and services tax revenue provisions of Chapter 423F.3 of the Code of Iowa were noted. Pursuant to Chapter 423F.5 of the Code of Iowa, the annual audit is required to include certain reporting elements related to the statewide sales and services tax revenue. Districts are required to include these reporting elements in the Certified Annual Report (CAR) submitted to the Iowa Department of Education. For the year ended June 30, 2025, the District reported the following information regarding the statewide sales and services tax revenue in the District's CAR:

Beginning balance		\$ 40,233,813
Revenues/other financing sources:		
Statewide sales and services tax revenue	\$ 18,086,486	
Other local sources	1,904,036	
Issuance of equipment note	6,592,012	26,582,534
Expenditures/other financing uses:		
Support services	7,224,301	
Transportation	1,577,986	
Transfers out, debt service	11,121,710	
School infrastructure:		
Buildings	39,904	19,963,901
Ending balance		<u>\$ 46,852,446</u>

For the year ended June 30, 2025, the District did not reduce a debt service levy as a result of the monies received under Chapter 423E or 423F of the Code of Iowa.
