FINANCIAL SECTION

Independent auditor's report	1-3
Management's discussion and analysis	4-12
Basic financial statements:	
Government-wide financial statements:	
Statement of net position	13-14
Statement of activities	15-16
Governmental fund financial statements:	
Balance sheet- governmental funds	17
Reconciliation of total governmental fund balances to net position of governmental activities	18
Statement of revenues, expenditures and changes in fund balances- governmental funds	19
Reconciliation of the statement of revenues, expenditures and changes in fund balances of governmental funds to the statement of activities	20
Proprietary fund financial statements:	
Statement of net position	21
Statement of revenues, expenses and changes in net position	22
Statement of cash flows	23-24
Fiduciary fund financial statements:	
Statement of fiduciary net position	25
Statement of changes in fiduciary net position	26
Notes to financial statements	27-57
Required supplementary information:	
Budgetary comparison schedule of revenues, expenditures/expenses and changes in balances budget and actual- all governmental and enterprise funds	58-59
Schedule of changes in the district's total OPEB and related ratios	60-61
Schedule of the district's proportionate share of the net pension liability	62-63
Schedule of the district's contributions	64-65
Notes to required supplementary information	66-67
Other supplementary information:	
Nonmajor governmental funds:	
Combining balance sheet	68
Combining statement of revenues, expenditures and changes in fund balances	69
Schedule of combining balance sheet- capital projects fund- by account	70
Combining schedule of revenues, expenditures and changes in fund balances- capital projects fund- by account	71
Nonmajor enterprise funds:	
Combining statement of net position	72-73
Combining statement of revenues, expenses and changes in net position	74-75
Combining statement of cash flows	76-79
Schedule of changes in special revenue fund, student activity accounts	80-85
Schedule of revenue by source and expenditures by function	86-87

STATISTICAL SECTION (Unaudited)	
Statistical section contents	88
Net position by component	89-90
Changes in net position	91-92
General revenues and total change in net position	93-94
Fund balances, governmental funds	95-96
Changes in fund balances, governmental funds and debt service ratio	97-100
Governmental funds revenues, by source	101
Governmental funds expenditures, by function	102
Government-wide revenues	103
Government-wide expenses, by function	104
Comparison of growth in general fund revenue, expenditures, enrollment, assessed valuation and tax rate	105
Ratio of financial condition (General Fund)	106
Property tax:	
Property tax levies and collections	107
Property tax levies and collections detail	108
Taxable and 100% values of property	109-110
Tax rates by fund	111
Property tax rates per \$1,000 assessed valuation, direct and overlapping governments	112
Taxable assessed valuation by property type	113-114
Principal property taxpayers	115
Debt:	
Comparative ratio of general bonded debt to assessed value	116
Ratio of annual debt service expenditures for general bonded debt to total governmental fund expenditures	117
Legal debt margin information	118-119
Ratios of general bonded debt outstanding	120
Direct and overlapping governmental activities debt	121
Outstanding debt by type	122
Pledged revenue coverage	123
Additional tables:	
General analysis of facilities, classrooms and staffing	124
District staffing levels	125-126
District and area unemployment rates and per capita income	127
Principal employers	128
Population of cities and counties within district	129
Certified resident student enrollment by grade	130
Summary of historical retail sales	131
Operating cost per pupil	132
COMPLIANCE SECTION	
Schedule of expenditures of federal awards	133-134
Notes to the schedule of expenditures of federal awards	135
Summary schedule of prior audit findings	136
Independent auditor's report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with government auditing standards	137-138
Independent auditor's report on compliance for each major federal program and on internal control over compliance as required by the Uniform Guidance	139-141
Schedule of findings and questioned costs	142-145
Corrective action plan	146

Waukee Community Schools is a rapidly growing and increasingly diverse school district. We believe every individual's unique background and culture enhance our schools. By focusing on the joy of learning and growth for everyone, we create a dynamic work environment for our staff while engaging our students, families and the community through innovative educational experiences.

Waukee Community School District is committed to providing all of its students with the knowledge, experiences and opportunities necessary for them to develop the competencies required for success in school, in the workforce, and in life.

Our vision is, "Inspiring learners who feel valued, challenged and prepared to embrace tomorrow's opportunities." In order to fulfill this vision, we will continue to allocate available resources to fulfill our mission and our commitment to students, as Iowa continues to fall short of fully funding the education formula for K-12 schools.

This report is a comprehensive financial record of the District for the fiscal year ended June 30, 2022. It reflects the conditions that have enabled the Waukee Community School District to maintain a favorable financial picture – even during a period of challenging growth. Among the enabling conditions are:

- We have a highly dedicated and skilled team of teachers, staff, and administrators.
- We have a highly effective Board of Education and a very supportive community.
- We serve in an atmosphere where everyone is encouraged to work at their highest level in a collaborative environment.

As you examine this report, you will see a pattern of on-going financial strength that we intend to continue into the future. We welcome your questions and suggestions. We will continue to learn together to build on our success as a learning community for the future.

Respectfully Submitted,

Dr. Brad Buck
Superintendent

December 12, 2022

Members of the Board of Education
Waukee Community School District
Patrons of the Waukee Community School District
Waukee, Iowa

The Annual Comprehensive Financial Report (ACFR) for the Waukee Community School District for the fiscal year ended June 30, 2022 is submitted herewith. Responsibility for accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rests with the District Office of Administrative Services. We believe the data is accurately presented, in all material respects; that the data is presented to fairly set forth the financial position of the governmental activities, business type activities, each major fund, the aggregate remaining fund information and the respective changes in financial position and cash flows where applicable; and that all necessary disclosures have been included in order to enable the reader to gain the maximum understanding of the District's financial affairs.

The Annual Comprehensive Financial Report is presented in four sections: introductory, financial, statistical, and compliance. The introductory section, which is unaudited, includes this transmittal letter, a list of principal District officials, and an organizational chart. The financial section includes the management's discussion and analysis, audited basic financial statements, required supplementary information and the combining and individual fund financial statements and schedules, as well as the independent auditor's report. The statistical section, which is unaudited, includes selected financial and demographic information, generally presented on a multiyear basis. The compliance section contains the report in accordance with Government Auditing Standards and audit findings. We encourage readers to refer to all four sections of the report, including the Management's Discussion and Analysis in the financial section, which gives a more detailed summary of the District's financial performance.

The District is required to undergo an annual single audit in conformity with the provisions of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance).

The report includes all funds of the Waukee Community School District. The Waukee Community School District has no component units that meet the Governmental Accounting Standards Board criteria. The District provides a full range of services including instructional, administrative, transportation, food service, maintenance of sites and facilities, custodial, clerical, extra and co-curricular and athletic and activities.

This ACFR has been prepared using the guidelines recommended by the Association of School Business Officials International (ASBO) and Government Finance Officers Association of the United States and Canada (GFOA). Certificates of Excellence are awarded to school systems that have presented their ACFR to the GFOA and ASBO Panels of Review for critical review and evaluation. Receiving these awards is recognition that a school system has met the highest standards of excellence in school financial reporting. The standards used in the “Certificate of Excellence Program” and “Certificate of Achievement Program” are based on generally accepted accounting principles (GAAP) as promulgated by the Governmental Accounting Standards Board (GASB). We will actively pursue these awards through the efforts of the entire Waukee Team. The Waukee Community School District received the ASBO certificate for its annual comprehensive financial report for the fiscal year ending June 30, 2021. The District has received this recognition from ASBO since 2004. The Waukee Community School District received the GFOA certificate for its annual comprehensive financial report for the fiscal year ending June 30, 2021. The District has received this recognition from GFOA since 2012.

BASIS OF ACCOUNTING

The District’s accounting records were maintained on a modified accrual basis. These accounting policies are enumerated in the notes to the financial statements. All the District’s funds are presented in this report and have been audited by the District’s independent certified public accountants, Bohnsack & Frommelt LLP.

The chart of accounts used by the District is in conformance with the Uniform Accounting System for Iowa Schools and Area Education Agencies issued November 1975 and updated in 2009, by the Iowa Department of Education. The chart of accounts manual is updated on an annual basis. The District is in full compliance with these requirements.

ECONOMIC CONDITION AND OUTLOOK

The District is located in the central part of the state, within the larger Des Moines metropolitan area and ranks as one of the top growth areas of the country. The economic condition and outlook is stable. The Waukee Community School District has been and is currently the fastest growing school district in the state of Iowa and the growth projections are expected to continue. Certified enrollment for fiscal 2021-22 was 12,470 - an increase of over 640 from the prior year. Taxable assessed value continues to grow even during the current slow economic environment. The economy in the state has improved during the past year and

this continues to impact revenue for public education. While the unemployment rate in the greater Des Moines metro area has consistently remained lower than national averages, the economy has record inflation and mortgage rates are climbing as the Federal Reserve continues to raise interest rates to curb inflation . Retail sales in the greater Des Moines remain strong. The City of West Des Moines continues to grow as does the City of Waukee. District taxable assessed valuations have continued steady growth to over \$5.6 billion for January 2020 values. The City of Waukee, West Des Moines and Clive continue to encourage job creation and capital investments through the use of tax abatements offered to individuals and entities that contribute to economic development of the cities.

Based on conservative projections, this trend is expected to continue. While having a positive impact, the growth also presents significant challenges for the District. The District utilizes the optional instructional support levy at a level deemed appropriate and will need to continue a high level of efficient use of human resources and facilities. The following table shows the projected enrollment (not certified) and age of school buildings.

School	Grade Levels	Dates of Construction / Remodeling	Enrollment for 2022-23	Enrollment for 2023-24
Waukee High School	10-12	1997, 2000, 2001, 2007, 2011, 2013	1,267	1,328
Northwest High School	10-12	2021	1,427	1,455
Prairieview	8-9	2003, 2009, 2021	1,037	1,053
Timberline	8-9	2015	889	936
Waukee Middle School	6-7	1974, 1977, 1987, 1994, 1999, 2008	1,069	1,128
South Middle School	6-7	2010, 2021	909	923
Brookview Elementary	K-5	2001, 2002, 2004, 2021	603	609
Eason Elementary	K-5	1994, 2002, 2016, 2021	641	627
Grant Ragan Elementary	K-5	2017	620	629
Maple Grove Elementary	K-5	2007	439	463
Radiant Elementary	K-5	2019	682	801
Shuler Elementary	K-5	2010	658	658
Sugar Creek Elementary	K-5	2022	623	671
Walnut Hills Elementary	K-5	2005	625	616
Waukee Elementary	K-5	2010	682	685
Woodland Hills Elementary	K-5	2013	537	594
Vince Meyer Learning Center	PK	2013, 2021	371	425

Retail sales, building permits and population increases in the western suburbs far exceed that of any other location in the metropolitan area or in the State of Iowa. The 2021-2022 Best Place to Live in the U.S. by Money ranked the Waukee, IA as 11th in the United States.

Livability (2021) ranked the Des Moines metropolitan area as 93rd Best Places to Live in America. Assessed values of the District are conservatively projected to increase by 5-10% or more in the near term. Apple started construction on a \$1.3 billion data center in Waukee in 2022.

Areas surrounding the Jordan Creek Town Center continue to grow and add new retail and commercial property. KeeTown Loop, the new 25-acre shopping, nightlife and restaurant hub slated to open in Waukee in 2023, has signed an agreement with Live Nation as an anchor tenant. The venue is expected to host 150 events per year and bring 350,000 people to Waukee annually. The Waukee Community School District is the largest school district in Dallas County with over one-half of the county's students. Waukee Community School District participates in the statewide sales tax pool that is allocated to the District on a per pupil basis. Sales tax receipts remain strong and are used for capital improvements and equipment purchases.

Due to the COVID-19 outbreak, enrollment figures may change and there will likely be some budget pressures in the coming year; however, it's not possible to calculate the actual impact at this time. The District continues to monitor the financial impact of this situation. The extent of the financial impact of COVID-19 will depend on the future developments, including the duration and spread, which are uncertain and cannot be predicted.

MAJOR INITIATIVES

Current year. The District utilized a 10-year plan for facilities and finances. The District's rapid growth, limited resources and the need to clearly outline and prioritize site and facility needs in chronological order necessitate the plans. Northwest High School opened in 2021. The District in 2022 continues to prepare to open additional new buildings, including Sugar Creek Elementary in August 2022. The District continues its construction project for Middle School #5 (6/7 – North Middle School and 8/9 – Trailridge School) as well as the new WCSD Aquatics Facility (Waukee Schools Natatorium) which will open in August 2023. Construction also began on the District's 11th elementary school (Waterford Elementary), with an anticipated opening of August 2024. WCSD also continues to upgrade its facilities, including smaller projects at Waukee Middle School and Waukee High School athletic fields.

Future Considerations. The 10-year facility plan and accompanying demographic information concluded that student enrollment and tax base would continue to increase at a rapid pace. Voters in the District overwhelmingly approved a \$205 million general obligation bond referendum in September of 2020 to finance future growth and development.

DEBT ADMINISTRATION

The ratio of net indebtedness to assessed valuation and the amount of indebtedness per capita are useful indicators of the District's debt position. The 2022 fiscal year data shows a total outstanding indebtedness on June 30 of \$369,120,000 with a ratio of debt to 100% taxable,

actual, assessed valuation of 4.22%. During FY 2022, \$26,286,083 of outstanding debt was paid and an additional \$59,920,000 of new debt issued. In the near future as assessed valuation and District population rise and total indebtedness decrease, these economic indicators will reflect a very favorable financial position.

The above indebtedness of \$369,120,000 is a result of general obligation bonds issued June 2012, July 2013, October 2016, August 2018, June 2019 and November 2020. Capital loan notes were issued in May 2016 and October 2019. Revenue bonds were issued in April 2014, June 2015, October 2017, March 2020 and March 2021, March 2022. The District will issue debt to finance capital projects during the next fiscal year.

FINANCIAL INFORMATION

Management of the District is responsible for establishing and maintaining an internal control designed to ensure that its assets are protected from loss, theft or misuse and to ensure that accounting data are compiled to allow for the preparation of the basic financial statements in accordance with accounting principles generally accepted in the United State of America. The internal control is designed to provide reasonable, but not absolute, assurances that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and the valuation of costs and benefits requires estimates and judgments by management.

Single Audit. As a recipient of federal, state and county financial assistance, the District also is responsible for ensuring that an adequate internal control is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control is subject to periodic evaluation by management and external auditors.

As a part of the District's single audit, described earlier, tests are made to determine the adequacy of the internal control over financial reporting and its compliance with applicable laws and regulations, including those related to major federal awards programs.

Budgetary Controls. In addition, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Education. Activities of the General Fund, Special Revenue funds, Debt Service Fund, Enterprise funds and Capital Projects funds are included in the annual appropriated budget. Project length financial plans are adopted for the capital projects funds and budgeted accordingly on an annual basis. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by program level for all funds combined rather than at the individual fund level. The District also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at the fiscal year's end. However, encumbrances generally are re-appropriated as part of the following year's budget.

As demonstrated by the statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management.

BASIS OF PRESENTATION

The charts and accounts used by the District have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board and Audits of State and Local Governmental Units issued by the American Institute of Certified Public Accountants. In addition, the District's accounting records conform to the Uniform Accounting System for Iowa Schools, Chapter 11 of the Code of Iowa and Area Educational Agencies issued by the Department of Education, state of Iowa. The chart of accounts manual is updated annually and the District is in full compliance with these requirements.

OTHER INFORMATION

Independent Audit. The accounting firm of Bohnsack & Frommelt LLP. was selected to perform the annual audit in accordance with Chapter 11 of the Code of Iowa. In addition to meeting the requirements set forth in state statutes, the audit was designed to meet the requirements of the Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). The auditor's report on the basic financial statements, combining and individual fund statements and other schedules is included in the financial section of this report.

ACKNOWLEDGEMENT

The preparation of this report on a timely basis could not have been accomplished without the effort of the accounting staff and our auditors, Bohnsack & Frommelt LLP. We would like to express our appreciation to all staff members who assisted and contributed to this report. Also, appreciation is expressed for the interest and support of the Board of Education in conducting the financial operations of the District in a most responsible and progressive manner.

Independent Auditor's Report

To the Board of Education
Waukee Community School District
Waukee, Iowa

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Waukee Community School District as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Waukee Community School District, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Waukee Community School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 16 to the financial statements, Waukee Community School District adopted new accounting guidance related to Governmental Accounting Standards Board Statement No. 87, *Leases*. As a result, June 30, 2021 governmental activities net position is restated by \$3,370,636. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Waukeee Community School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Waukeee Community School District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Waukeee Community School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in the District's total OPEB liability and related ratios, and schedule of the District's proportionate share of the net pension liability and schedule of District contributions on pages 4-12 and 58-67 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Waukee Community School District's basic financial statements. The supplementary information, as listed in the table of contents and the Schedule of Expenditures of Federal Awards as required by Title 2, *U.S Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2022, on our consideration of the Waukee Community School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Waukee Community School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Waukee School District's internal control over financial reporting and compliance.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2022

It is an honor to present to you the financial picture of Waukee Community School District. We offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the Waukee Community School District for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

FINANCIAL HIGHLIGHTS

The District showed an increase in net position of \$34,060,319 during the year ended June 30, 2022, compared to an increase in net position of \$19,793,684 during the year ended 2021.

Total revenues for the fiscal year ended June 30, 2022 and 2021 of \$209,720,691 and \$194,746,015 were comprised of general revenues in the amount of \$166,981,341 and \$159,209,206 and program revenues totaling \$42,739,350 and \$35,536,809, respectively.

As of June 30, 2022, the District's governmental funds reported combined ending fund balances of \$178,169,004 an increase of \$7,949,142 in comparison to 2021. As of June 30, 2021, the District's governmental funds reported combined ending fund balances of \$170,219,862 an increase of \$21,483,752 in comparison to 2020.

As of June 30, 2022, unassigned fund balance of the General Fund was \$11,101,992 or 7.7 percent of total General Fund expenditures. As of June 30, 2021, unassigned fund balance of the General Fund was \$13,250,404 or 10.0 percent of total General Fund expenditures.

The Waukee Community School District's total bonded long-term debt increased by \$39,255,000 during the fiscal year 2022 and increased by \$57,585,000 during fiscal year ended June 30, 2021. The increases for both years were due to issuance of long-term debt for construction projects.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Waukee Community School District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the basic financial statements. This report also contains other information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of Waukee Community School District's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of Waukee Community School District's assets, deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2022

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements reflect functions of Waukee Community School District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction, support services, noninstructional programs, other and interest on long-term debt. Business-type activities are those that the District charges a fee to help cover the costs, such as School Nutrition and Community Education.

The government-wide financial statements include only Waukee Community School District. There are no other organizations or agencies whose financial statements should be combined and presented with the financial statements of the District.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Waukee Community School District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Waukee Community School District maintains five individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Capital Projects Fund, and Debt Service Fund which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary funds. The District maintains two types of proprietary funds: enterprise and internal service. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District maintains two non-major enterprise funds. Internal service funds are used to report the same functions presented as governmental activities in the government-wide financial statements. The District maintains three internal service funds to account for the premium and claim payments for the self-funded health insurance and dental insurance plans, as well as flexible benefits for the District's employees. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. Because the service provided by the District predominately benefits governmental, rather than business-type functions, it has been included within governmental activities in the government-wide financial statements.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2022

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Waukee Community School District's own programs. The fiduciary funds of the District are private purpose trust funds. The District accounts for outside donations for scholarships for individual students in this fund.

Notes to financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Waukee Community School District's budgetary comparison, schedule of changes in the District's total OPEB liability and related ratios and schedule of proportionate share of the net pension liability and schedule of contributions.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The District's total net position has increased from a year ago from \$197,295,593 to \$231,355,912.

Table 1 - Net Position

	Governmental Activities		Business-Type Activities		Total District	
	2022	Restated 2021	2022	2021	2022	Restated 2021

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2022

A significant portion of the District's total assets reflects its investment in capital assets. The District uses these capital assets to provide educational services; consequently, these assets are not available for future spending. The District's net investment in capital assets-net position was \$199,086,594 for 2022 and \$173,680,953 for 2021. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the District's net position (19.5 percent for 2022 and 26.6 percent for 2021) represents resources that are subject to external restrictions on how they may be used. These restrictions for 2022 include \$1,476,549 for categorical funding, \$3,649,161 for debt service, \$9,029,989 for management levy, \$890,143 for student activities, \$23,888,095 for school infrastructure and \$6,261,595 for physical plant and equipment levy. The remaining balance of unrestricted net position, (\$12,926,214) for 2022 and (\$28,859,655) for 2021, is in a deficit position, due to the unfunded net pension liability and net other postemployment benefit (OPEB) liability.

At the end of the current and prior fiscal years, the Waukee Community School District is able to report positive balances in two categories of net position. Unrestricted net position is deficit in the current and prior fiscal year due to the net pension liability and net OPEB liability.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2022

Table 2 highlights the District's revenues and expenses for the fiscal year ended June 30, 2022 and 2021. This table utilizes the full accrual method of accounting. Revenues less expenses yielded the change in net position. This change was anticipated and it enabled the District to acquire capital assets and to service its long-term debt.

Table 2 - Changes in Net Position

Total expenses	165,891,471	167,082,319	9,768,901	7,870,012	175,660,372	174,952,331
Change in net position before transfers	30,564,760	18,648,322	3,495,559	1,145,362	34,060,319	19,793,684
Transfers	(1,395,003)	396,631	1,395,003	(396,631)	-	-
Change in net position	29,169,757	19,044,953	4,890,562	748,731	34,060,319	19,793,684
Net position, beginning, as restated	193,193,914	170,778,325	4,101,679	3,352,948	197,295,593	174,131,273
Net position, ending	\$ 222,363,671	\$ 189,823,278	\$ 8,992,241	\$ 4,101,679	\$ 231,355,912	\$ 193,924,957

The District's total net position, after restatement for GASB Statement 87, increased by \$34,060,319 during the current fiscal year as compared to a increase of \$19,793,684 in 2021. The governmental activities net position increased by \$29,169,757 in 2022 and increased by \$19,044,953 in 2021. The business-type activities, which include nutrition and community education, increased by \$4,890,562 in 2022 and decreased by \$748,731 in 2021.

Net position increased in governmental activities primarily due to the net pension liability and related deferrals of inflows and deferral of outflows of resources experiencing improved investment earnings on an actuarial basis and reducing the District's net liabilities approximately \$10.6 million. In addition, assessed valuation of the District increased 6 percent and the improved economy in Iowa emerging from the COVID-19 pandemic increased sales tax revenues approximately \$1.4 million. Business-type activities net position increased due to an increase in federal programs for the nutrition program and community education programs.

Waukeee Community School District

Management's Discussion and Analysis Year Ended June 30, 2022

Revenue is further divided into two major components: program revenue and general revenue. Program revenue is defined as charges for services and sales, operating and capital grants and contributions. General revenue includes taxes and unrestricted grants such as state foundation support. Expenses are shown in programs including instruction, support services, noninstructional programs, other, interest on long-term debt, school nutrition and community education.

GOVERNMENTAL ACTIVITIES

Revenues for governmental activities were \$196,456,231 and expenses were \$165,891,471. Property taxes and other taxes such as sales tax, and utility replacement tax and state sources including state foundation aid are the primary sources of revenue for the District. These sources represent 84.3 percent of total revenues. Property and other taxes increased primarily due to increase in taxable valuations. Instruction constitutes the largest portion of governmental activities expenses at \$100,618,311 or 60.7 percent of total expenses. Instruction expenses increased as a result of the District serving more students.

Table 3 discloses cost of services for governmental and business-type activities. The total cost of services column contains all costs related to the programs and the net cost column shows how much of the total amount is not covered by program revenues. Succinctly put, net costs are costs that must be covered by state aid or local taxes. The difference in these two columns would represent restricted grants and charges for services.

Table 3 - Governmental and Business-Type Activities

	Total Cost of Services		Net Cost of Services	
	2022	2021	2022	2021
Instruction	\$ 100,618,311	\$ 97,896,915	\$ 79,060,084	\$ 78,564,947
Support services	50,064,879	53,285,972	48,033,883	51,705,120
Other	6,519,473	6,252,167	599,840	632,149
Debt service	8,688,808	9,647,265	8,688,808	9,647,265
Total expenses	\$ 165,891,471	\$ 167,082,319	\$ 136,382,615	\$ 140,549,481

Net cost of services is 82.2 percent of total cost of services in 2022 and 84.1 percent of total cost of services in 2021. The cost of governmental activities financed by users of the District's programs was \$5,888,349 in 2022 and \$4,453,743 in 2021. Federal and state governments subsidized certain programs with grants and contributions totaling \$23,620,507 in 2022 and \$22,079,095 for 2021. The remaining net cost of the governmental activities was financed with property tax, state foundation aid and investment earnings.

BUSINESS-TYPE ACTIVITIES

- The School Nutrition and Community Education programs constitute the business-type activities.
- The primary sources of income are charges for services and federal revenues.
- The School Nutrition Fund's primary expenses are staff and food. The School Nutrition Fund had an increase in net position of \$4,324,468. For fiscal year 2021 net position increased \$888,299. The increase in 2022 was primarily due to an increase in federal revenues of \$2,656,676 and contributions of capital assets from the governmental funds of \$1,575,000.
- The primary source of revenue for the Community Education Fund is sales of services for educational programs. The Community Education Fund had a increase in net position of \$566,094 during the fiscal year. For fiscal year 2021 net position decreased \$139,568. The increase in 2022 was primarily due to an increase in federal revenues of \$163,524 and contributions of capital assets from the governmental funds of \$148,912.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2022

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Waukee Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Waukee Community School District's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Waukee Community School District's governmental funds reported combined ending fund balances of \$178,169,004, an increase of \$7,949,142 in comparison with the prior year fund balance of \$170,219,862. Approximately 6.2 percent or \$11,101,992 for 2022 and 7.8 percent or \$13,250,404 for 2021, constitutes unassigned fund balance, which is available for spending at the government's discretion. The majority of the remaining fund balance for 2022 and 2021 is restricted to indicate that it is not available for new spending because it has already been restricted for other purposes.

The General Fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$11,101,992 and \$13,250,404 for 2022 and 2021, respectively while total fund balance reached \$17,180,128 in 2022 and \$18,603,050 for 2021.

As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 7.7 percent of total General Fund expenditures, and total fund balance represents approximately 12 percent of that same amount for 2022. For 2021, unassigned fund balance represents 10 percent of total General Fund expenditures, while total fund balance represents approximately 14 percent of that same amount.

The fund balance of the District's General Fund decreased by \$1,422,922 during June 30, 2022 primarily due to a increase in instruction related expenditures and support services related expenditures for increase in student enrollment.

The Capital Projects Fund fund balance increased by \$7,493,000 to \$148,155,558 in 2022. This increase is due to the issuance of \$59,920,000 general obligation bonds to fund capital projects.

The Debt Service Fund fund balance increased by \$648,228 to \$2,913,186. The District paid \$26,154,572 in principal and \$11,484,041 in interest on the long-term debt of the District.

Waukeee Community School District

Management's Discussion and Analysis Year Ended June 30, 2022

BUDGETARY HIGHLIGHTS

As allowed by GASB Statement No. 41, *Budgetary Comparison Schedules – Perspective Differences*, the District presents budgetary comparison schedules as required supplementary information based on the program structure of four functional areas as required by state statute for its legally adopted budget. In accordance with the Code of Iowa, the Board of Education annually adopts a program budget which includes all funds except internal service and fiduciary funds as described in the note to required supplementary information.

A comparison of the actual expenditures/expenses of the District's budgeted funds with the final amended program budget amounts is as follows:

	Budget		Actual Expenditures/ Expenses	Variance
	Original	Final		
Instruction	\$ 97,040,881	\$ 100,315,881	\$ 98,837,327	\$ 1,478,554
Support services	46,929,604	51,429,604	46,519,252	4,910,352
Noninstructional programs	9,791,408	10,541,408	9,600,575	940,833
Other	125,900,581	145,900,581	106,795,861	39,104,720
Total	\$ 279,662,474	\$ 308,187,474	\$ 261,753,015	\$ 46,434,459

The original budget is published at least three months prior to the start of the fiscal year-often prior to settlement of collective bargaining agreements and before final legislative action on the state budget. In the latter portion of the fiscal year the amended budget is published with "not to exceed" amounts to satisfy Iowa's statutory reporting requirements.

The original budget was amended to include additional expenditures not expected in the original budget. The actual expenditures were less than the final amended budget by \$46,434,459 due to the timing of incurring the additional expenditures for capital projects.

CAPITAL ASSETS AND DEBT ADMINISTRATION

The following table shows ending balances of capital assets invested in various categories.

Table 4 - Capital Assets as of June 30 (Net of Depreciation)						
	Governmental Activities		Business-Type Activities		Total	
	2022	Restated 2021	2022	2021	2022	Restated 2021
Land	\$ 18,200,646	\$ 17,251,744	\$ -	\$ -	\$ 18,200,646	\$ 17,251,744
Improvements other than buildings	12,160,305	9,686,712	-	-	12,160,305	9,686,712
Buildings	373,789,416	222,888,969	-	-	373,789,416	222,888,969
Furniture and equipment	8,510,723	5,689,153	2,665,751	1,373,432	11,176,474	7,062,585
Right to use leased equipment	249,634	374,452	-	-	249,634	374,452
Construction-in-progress	60,251,144	171,118,877	-	-	60,251,144	171,118,877
Total	\$ 473,161,868	\$ 427,009,907	\$ 2,665,751	\$ 1,373,432	\$ 475,827,619	\$ 428,383,339

The District recognized a total net increase of \$47,444,280 for 2022 primarily due to the construction of the new high school. Additional information about the District's capital assets can be found in Note 5 to the financial statements.

Waukee Community School District

Management's Discussion and Analysis Year Ended June 30, 2022

Debt

As of June 30, 2022, the Waukee Community School District had bonds and capital loan notes outstanding totaling \$392,415,466 compared to \$356,715,628 as of June 30, 2021. In the current year, the District paid \$26,286,083 in principal and \$11,666,116 in interest on outstanding debt.

As of June 30, 2022, the District's available legal debt margin was \$130,150,157. Information about the District's long-term debt can be found in Note 6 to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The District is located in the central part of the state, within the larger Des Moines metropolitan area and ranks as one of the top growth areas of the country. The economic condition and outlook is stable. The Waukee Community School District has been and is currently the fastest growing school district in the state of Iowa and the growth projections are expected to continue. Certified enrollment for fiscal 2021-22 was 12,616 - an increase of over 620 from the prior year. Taxable assessed value continues to grow even during the current slow economic environment. The economy in the state has improved during the past year and this continues to impact revenue for public education. While the unemployment rate in the greater Des Moines metro area has consistently remained lower than national averages, the economy has record inflation and mortgage rates are climbing as the Federal Reserve continues to raise interest rates to curb inflation. Retail sales in the greater Des Moines remain strong. The City of West Des Moines continues to grow as does the City of Waukee. District taxable assessed valuations have continued steady growth to over \$5.6 billion for January 2020 values. The City of Waukee, West Des Moines and Clive continue to encourage job creation and capital investments through the use of tax abatements offered to individuals and entities that contribute to economic development of the cities.

Request for Information

These financial statements and discussions are designed to provide our students, citizens, taxpayers, investors and creditors with a complete disclosure of the District's finances and to demonstrate a high degree of accountability for the public dollars entrusted to us. If you have questions about this report or need additional information, please contact Sarah Kautz, Chief Financial Officer, Waukee Community School District, 560 SE University Avenue, Waukee, Iowa 50263.

Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities June 30, 2022

Total fund balances		\$ 178,169,004
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets net of accumulated depreciation used in governmental activities are not financial resources and, therefore, are not reported in the funds		473,161,868
Receivables not collected within 60 days of year-end are not available soon enough to pay for the current period's expenditures and, therefore, are deferred inflows of resources in the funds.		2,016,212
Internal service funds are used by management to charge the costs of certain services to individual funds. The net position of the Internal Service Fund are included in governmental activities.		5,312,559
Pension and OPEB related deferred outflows of resources and deferred inflows of resources are not due and payable in the current year and, therefore, are not reported in the governmental funds as follows:		
Deferred outflows of resources related to pension	16,446,526	
Deferred inflows of resources related to pension	(50,784,559)	
Deferred outflows of resources related to OPEB	198,977	
Deferred inflows of resources related to OPEB	<u>(328,298)</u>	(34,467,354)
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds:		
Capital loan notes payable	(17,900,000)	
Revenue bonds payable	(83,490,000)	
General obligation bonds payable	(267,730,000)	
Bond premiums	(23,295,466)	
Accrued interest	(1,090,064)	
Equipment note	(3,332,349)	
Equipment lease	(279,315)	
Early retirement	(208,000)	
Compensated absences	(666,901)	
Net pension liability	(596,538)	
Other postemployment benefits payable	<u>(3,239,985)</u>	(401,828,618)
Net position of governmental activities		<u><u>\$ 222,363,671</u></u>

Waukee Community School District

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities Year Ended June 30, 2022

Net change in fund balances - total governmental funds \$ 7,949,142
Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period:

Capital outlay	60,841,707	
Transfers of capital assets to enterprise funds	(1,723,912)	
Depreciation expense	(12,962,194)	
Loss on disposal of capital assets	<u>(3,640)</u>	46,151,961

Some receivables will not be collected for several months after the District's fiscal year ends, and therefore, are not considered as "available" revenues in the governmental funds. Instead the receivables are deferred inflows of resources. They are, however, recorded as revenues in the statement of activities.

102,500

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. The issuance of long-term debt increases liabilities in the statement of net position, while the repayment of long-term debt reduces long-term liabilities. In the statement of activities, interest is accrued on outstanding bonds, whereas in the governmental funds an interest expenditure is reported when due. The following is the detail of the net effect of these differences in the treatment of long-term debt and related items:

Issuance of general obligation bonds	(59,920,000)	
Premium on the issuance of debt	(3,411,507)	
Repayments of bond and note principal	24,525,000	
Amortization of premiums and discounts	3,106,669	
Repayment of equipment note	1,629,572	
Repayment on equipment lease	131,511	
Interest	<u>(129,361)</u>	(34,068,116)

The change in net position of the internal service funds represent an overcharge to the governmental funds served and, therefore, decreases expenses in the statement of activities.

(971,135)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Early retirement	97,133	
Compensated absences	(75,115)	
Change in pension expense and related deferrals	10,175,263	
Change in OPEB expense and related deferrals	<u>(191,876)</u>	10,005,405
Change in net position of governmental activities		<u><u>\$ 29,169,757</u></u>

See Notes to Basic Financial Statements.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies

Nature of operations:

The Waukee Community School District (the District) is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the District either operates or sponsors various adult education programs. These courses include remedial education as well as career and technical and recreational courses. The geographic area served includes the City of Waukee, Iowa; portions of the cities of West Des Moines, Clive and Urbandale, and the agricultural territory in Dallas County. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

Reporting entity:

In accordance with Governmental Accounting and Financial Reporting Standards, the basic financial statements include all funds, organizations, agencies, boards, commissions and authorities for which the District is financially accountable. The District has also considered all other potential organizations for which the nature and significance of their relationships with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on, the District. In addition, the GASB Statement No. 39, as amended by GASB Statement No. 61 sets forth additional criteria to determine whether certain organizations for which the District is not financially accountable should be reported as component units based on the nature and significance of their relationship with the District. These criteria include 1) the economic resources being received or held by the separate organization being entirely or almost entirely for the direct benefit of the District, its component units, or its constituents, 2) the District being entitled to, or having the ability to otherwise access, a majority of the economic resources received or held by the organization and 3) the economic resources received or held by an individual organization that the District is entitled to, or has the ability to otherwise access, are significant to the District. Based on these criteria, there are no other organizations which should be included in these basic financial statements.

Jointly governed organization: The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Dallas County Assessor's Conference Board.

Basis of presentation: The District's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities and fund financial statements which provide a more detailed level of financial information.

Government-wide and fund financial statements: The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. For the most part, the effect of the interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for services. Interfund services provided and used are not eliminated in the process of consolidation for these statements.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

The statement of net position presents the District's nonfiduciary assets and liabilities, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets: Consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net position: Results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position: Consist of net position that does not meet the definition of the preceding categories. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The focus of fund financial statements is on major funds. Major individual governmental funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column.

Fund accounting: The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund balance/net position, revenues and expenditures or expenses, as appropriate. The District has the following funds:

General Fund: The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund accounts for the instructional and most of the support service programs of the District's operations. Revenue of the fund consists primarily of local property taxes and state governmental aid.

Debt Service Fund: Accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs. Revenue of the fund primarily consists of local property taxes.

Capital Projects Fund: Accounts for the resources used to pay for the purchase and improvement of sites, demolition work, special assessments and major building repairs, physical plant and equipment levy (PPEL) as well as the statewide sales and services tax for school infrastructure.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

The other governmental funds of the District are considered nonmajor and are as follows:

Special Revenue Funds: Are used to account for the revenue sources that are legally restricted to expenditures for specific purposes.

Management Fund: Accounts for the resources from a specific tax levy for tort liability insurance premiums, unemployment compensation insurance claims and early retirement incentive payments.

Student Activity Fund: Accounts for money held by the District on behalf of the students who have raised these funds and are responsible for their disposition for co-curricular to extracurricular activities of the District.

Proprietary Fund Types: Proprietary fund types are used to account for the District's ongoing organizations and activities which are similar to those often found in the private sector. The measurement focus is upon income determination, financial position and cash flows.

Enterprise Funds: Are used to account for those operations that are financed and operated in a manner similar to private business or where the District has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

The following enterprise funds of the District are considered nonmajor:

School Nutrition Fund: Accounts for the food service operations of the District.

Community Education Fund: Accounts for the educational programs available to the general public on a fee basis including before and after school child care and summer child care programs.

Internal Service Fund: The Internal Service Funds are used to account for goods or services provided by one department to other departments of the District on a cost reimbursement basis. The internal service funds are charged back to the Governmental Funds and shown combined in the statement of net position and statement of activities. This chargeback is based on a percentage of total employees by the participants' various functional areas. The District has the following internal service funds:

Flexible Benefits: This fund accounts for transactions for certain benefits available to District employees in which the District is responsible for paying all premiums or costs specified by the employee.

Self-Funded Dental Plan: This fund accounts for transactions for self-insured dental insurance received by District employees in which the District is responsible for paying all claims and administrative costs attributable to the insurance.

Self-Funded Health Plan: This fund accounts for transactions for self-insured health insurance received by District employees in which the District is responsible for paying all claims and administrative costs attributable to the insurance.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Fiduciary Fund Types: Fiduciary funds account for assets held by the District in a trustee capacity for the benefit of others and cannot be used to support District activities. The District has the following fiduciary fund type:

Private Purpose Trust Fund: The Scholarship Fund accounts for assets held by the District under trust agreements with restrictions of income to be used to benefit individuals through scholarship awards.

Measurement Focus and Basis of Accounting: The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied. The District also reports a fiduciary fund which focuses on net position and changes in net position. The fiduciary fund reports on the accrual basis of accounting.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Revenues – exchange and nonexchange transactions: Property taxes, other taxes, grants, entitlements and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which it is budgeted. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the District must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the District on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the District's proprietary funds are charges for food sales or tuition and fees. Operating expenses for proprietary funds include the cost of services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Under the terms of grant agreements, the District funds certain programs by a combination of specific cost reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the District's policy to first apply cost reimbursement grant resources to such programs and then general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the District's policy is generally to first apply the expenditure restricted fund balance and then to less restrictive classifications – committed, assigned and then unassigned fund balances.

Significant Accounting Policies:

The significant accounting policies followed by the District include the following:

Cash, cash equivalents and pooled investment accounts: The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investments in the Iowa School Joint Investment Trust, which is valued at amortized cost, and non-negotiable certificates of deposit, which are stated at cost.

Property tax receivable: Property tax in the governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with 1 1/2 % per month penalty for delinquent payments; is based on January 1, 2020 assessed property valuations; is for the tax accrual period July 1, 2021 through June 30, 2022 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2021.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Due from Other Governments: Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories: Inventories are valued at moving average cost for purchased items and contributed value (fair value at the date received) for government commodities and other donated items. Inventories are recorded as expenses when consumed in the government-wide financial statements and proprietary funds' financial statements. In the governmental fund financial statements, inventories are accounted for using the consumption method whereby inventory acquisitions are recorded in inventory accounts when purchased and are charged to operations when consumed or sold. In the proprietary fund financial statements, inventories are recorded at the lower costs (first in, first out method) or market and food commodities which were received from the federal government recorded at the contributed value as of the date received.

Capital assets: Capital assets, which include property, furniture, and equipment, are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land	\$5,000
Buildings	5,000
Improvements other than buildings	5,000
Furniture and equipment:	
Enterprise fund equipment	500
Other furniture and equipment	5,000

Capital assets (with the exception of land and construction in progress, which are not depreciated) are depreciated using the straight-line method over the following estimated useful lives:

Description	Estimated Useful Lives
Governmental Activities:	
Buildings	50 years
Improvements other than buildings	20-50 years
Furniture and equipment	5-20 years
Business-Type Activities:	
Furniture and equipment	12 years

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Leases: The District is a lessee for noncancellable leases of equipment. The District recognizes a lease liability and an intangible right to use lease asset in the governmental activities of the government-wide financial statements. The District recognizes lease liabilities with an initial, individual net present value of \$5,000 or more.

At the commencement of a lease, the District initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of the lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial costs to place the asset in service. Subsequently, the lease asset is amortized on a straight-line basis over the life of the lease.

Key estimates and judgments related to leases include how the District determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Unearned revenue: Proprietary funds defer revenue recognition in connection with resources that have been received, but not earned. Unearned revenue in governmental funds arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are also recorded as unearned revenue. Unearned revenue consists primarily of school registration fees and meal revenues collected for the programs and services in the next school year.

Accrued payroll: Payroll and the related payroll taxes and benefits for teachers with annual contracts corresponding to the school year, but have balances payable in July and August, have been accrued as a liability as they are applicable to services provided during the respective fiscal years and will be paid with available resources.

Compensated absences: District employees accumulate a limited amount of earned but unused vacation for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the District-wide financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect as of June 30, 2022. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Long-term Liabilities: In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Position.

Pensions: For purpose of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net pension of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund.

Total OPEB Liability: For purposes of measuring total OPEB liability, deferred outflows of resources related to OPEB and OPEB expense, information has been determined based on the Waukee Community School District's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund and the Enterprise, School Nutrition Fund.

Deferred outflows/inflows of resources: In addition to assets, the balance sheet and/or statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expenses/expenditures) until then. Deferred outflows of resources in the proprietary funds and government-wide statement of net position consist of unrecognized items not yet charged to pension expense and other postemployment benefit expense and contributions from the employer after the measurement date but before the end of the employer's reporting period.

In addition to liabilities, the balance sheet and/or statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District reports unavailable revenue in the governmental funds balance sheet from grants, statewide sales and services tax and property tax. This amount is deferred and recognized as an inflow of resources in the period that the amounts become available. In the District's government-wide statements, only the succeeding year property tax revenues remain as a deferred inflow of resources under the full accrual basis of accounting and will become an inflow in the year for which levied. Deferred inflows of resources in the proprietary funds and government-wide statements also include the unrecognized items not yet charged to pension expense and other postemployment benefit expense.

Cash flows: For the purpose of cash flows, the District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Fund balances: In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable: Amounts which cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or imposed by law through constitutional provisions or enabling legislation.

Committed: Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Education through resolution approved prior to year-end. Those committed amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same action it employed to commit those amounts.

Assigned: Amounts the Board of Education intend to use for specific purposes. The authority to assign fund balances has been designated by the District's Board of Education to the Chief Financial Officer.

Unassigned: All amounts not included in other spendable classifications as well as any deficit fund balance of any other governmental fund is reported as unassigned.

The District's flow of funds assumption prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending, the District considers committed funds to be expended first followed by assigned funds and then unassigned.

Net position: In proprietary funds, fiduciary funds, and government-wide financial statements, net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net investment in capital assets excludes unspent bond proceeds of \$119,286,105.

Net position is reported as restricted when there are limitations imposed on their use through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Net position restricted through enabling legislation consists of \$1,476,549 for categorical funding, \$3,649,161 for debt service, \$9,029,989 for management levy, \$890,143 for student activities, \$23,888,095 for school infrastructure, and \$6,261,595 for physical plant and equipment levy.

Net position flow assumption: Sometimes the District will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted-net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted-net position to have been depleted before unrestricted-net position is applied.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 1. Nature of Operations, Reporting Entity and Significant Accounting Policies (Continued)

Interfund activity: Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 2. Budgetary and Budgetary Control

As allowed by GASB Statement No. 41, *Budgetary Comparison Schedules – Perspective Differences*, the District presents budgetary comparison schedules as required supplementary information based on the program structure of four functional areas as required by state statute for its legally adopted budget. The District's expenditures did not exceed budgeted amounts.

Note 3. Cash and Cash Equivalents and Investments

The District invests its funds pursuant to Chapter 12B of the Code of Iowa. Presented below are the District's investing activities as of June 30, 2022.

Type of Investment:	Amount Invested
ISJIT CDs/Money Market	\$ 204,380,018

The District is authorized by statute to invest public funds not currently needed for operating expenses in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured Iowa depository institutions approved by the Board; prime eligible bankers' acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; and certain joint investment trusts. However, the District's investment policy additionally limits investments in commercial paper to obligations at the time of purchase rated within the two highest ratings issued by nationally recognized statistical rating organizations with a maturity less than 270 days, with no more than 5 percent at the time of purchase placed in the second highest classification and no more than 10 percent of the investment portfolio in these investments.

The District's investment policy additionally limits investments in prime bankers' acceptances that mature within 270 days and that are eligible for purchase by a federal reserve bank, with no more than 10 percent of the investment portfolio in these investments. The District does not have further policies regarding interest rate risk, credit risk, concentration of credit risk and custodial credit risk that differentiate the policies from state statutes.

As of June 30, 2022, the District had investments in the Iowa Schools Joint Investment Trust Direct Government Obligations Portfolio which are valued at an amortized cost of \$204,380,018 pursuant to Rule 2a-7 under the Investment Company Act of 1940. There were no limitations or restrictions on withdrawals.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 3. Cash and Cash Equivalents and Investments (Continued)

Interest rate risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. As a means of limiting exposure to fair value losses arising from rising interest rates, the District's investment policy requires operating funds to be invested in investments that mature within 397 days or less. When investing other than operating funds, the investments must mature according to the needs of the funds.

Operating funds of the District are funds which are reasonably expected to be used during a current budget year or within 15 months of receipt. The maturity of the District's position in an external investment pool is based on the average maturity of the pool's investments.

Custodial credit risk: In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's deposits in banks as of June 30, 2022 of \$20,150,821 were entirely covered by federal depository insurance, collateralized with letters of credit held by the District, or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This Chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investments or collateral securities that are in the possession of another party. The District had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 72.

Credit risk: The investment in the Iowa Schools Joint Investment Trust was rated AAAM by Standard & Poor's Rating Service. The Iowa Schools Joint Investment Trust is sponsored by the Iowa Association of School Boards, governed by a representative board of trustees. The board of trustees serves as the regulatory oversight of the pool. The District does not have a separate credit risk policy from state statutes.

Note 4. Interfund Balances and Transfers

The following is a schedule of interfund balances as of June 30, 2022:

	Due To	Due From
Major funds, General	\$ -	\$ 151,885
Other nonmajor enterprise fund	151,885	-
	<u>\$ 151,885</u>	<u>\$ 151,885</u>

The following is a schedule of transfers as included in the basic financial statements of the District:

	Transfers In	Transfers Out
Major funds:		
General	\$ 328,909	\$ 357,606
Debt Service Fund	15,388,932	-
Capital Projects Fund	-	15,388,932
Other nonmajor governmental funds	357,606	-
Other nonmajor enterprise fund	-	328,909
	<u>\$ 16,075,447</u>	<u>\$ 16,075,447</u>

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 4. Interfund Balances and Transfers (Continued)

Interfund balances result from (1) working capital for enterprise funds and (2) the time lag of receipts into various funds.

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The Capital Projects Fund transfers to the Debt Service Fund to pay revenue bonds and capital loan notes. In addition, the District transferred \$1,723,912 of capital assets from the governmental activities to the enterprise funds of the District.

Note 5. Capital Assets

Capital asset activity for the governmental activities for the year ended June 30, 2022 was as follows:

Total	\$ 3,657,585	\$ 63,559	\$ 2,586,292	\$ 1,134,852	\$ 63,559

Compensated absences are generally liquidated by the General Fund.

Net OPEB liability and net pension liability are generally liquidated by the General Fund for governmental activities and the respective funds for business-type activities.

Waukee Community School District**Notes to Basic Financial Statements
Year Ended June 30, 2022****Note 6. Long-Term Debt (Continued)**

The District's long-term debt is as follows:

Capital loan notes payable:

The District issued \$13,655,000 on May 24, 2016 in capital loan notes for the capital building and equipment purchases for the centralized transportation facility, central receiving facility and shared fueling station. The capital loan notes will be repaid using property tax collected in the Capital Projects, Physical Plant and Equipment Levy Account.

The District issued \$20,525,000 on October 28, 2019 in capital loan notes for site acquisition and construction, furnishing, equipping, repairing, remodeling, reconstruction, improving or expanding school building and sites or additions to school buildings, including constructing, furnishing, and equipping an athletic facility on the site of the new Northwest High School.

Details of the District's June 30, 2022 capital loan note indebtedness are as follows:

\$13,655,000 Capital Loan Notes May 24, 2016 Issue				
Year ending June 30:	Interest Rates	Principal	Interest	Total
2023	4.00%	2,190,000	43,800	2,233,800
Total		\$ 2,190,000	\$ 43,800	\$ 2,233,800
\$20,525,000 Capital Loan Notes October 28, 2019 Issue				
Year ending June 30:	Interest Rates	Principal	Interest	Total
2023	5.00%	2,010,000	785,500	2,795,500
2024	5.00%	4,345,000	685,000	5,030,000
2025	5.00%	4,565,000	467,750	5,032,750
2026	5.00%	4,790,000	239,500	5,029,500
Total		\$ 15,710,000	\$ 2,177,750	\$ 17,887,750
Total Capital Loan Notes		\$ 17,900,000	\$ 2,221,550	\$ 20,121,550

Equipment Note: The District entered into an agreement with Apple Computer, Inc. on July 30, 2020, for computers totaling \$6,814,020. Annual principal and interest payments are made from a Capital Projects Fund transfer to the Debt Service Fund. Interest on unpaid principal is 1.49%. In 2022, \$1,629,572 principal was paid and \$73,933 of interest. The following is a payment schedule for the computer lease:

Equipment Note			
Year ending June 30:	Principal	Interest	Total
2023	1,653,853	49,652	1,703,505
2024	1,678,496	25,010	1,703,506
Total	\$ 3,332,349	\$ 74,662	\$ 3,407,011

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 6. Long-Term Debt (Continued)

Revenue bonds:

The District issued \$16,690,000 on April 1, 2014 in revenue bonds for the capital facility construction of Timberline. The District issued \$19,990,000 on June 9, 2015 in revenue bonds for the capital facility construction of the Waukee Innovation and Learning Center (WILC). The District issued \$14,700,000 on October 19, 2017 in revenue bonds for the capital facility construction of Radiant Elementary.

On March 12, 2020, the District issued \$49,350,000 School Infrastructure Sales, Services, and Use Tax Revenue and Refunding Bonds, Series 2020A. The bonds were issued for school infrastructure projects and to current refund \$10,520,000 of the School Infrastructure Sales, Services and Use Tax Revenue and Refunding Bonds, Series 2012C on June 1, 2020. The bonds interest rates range from 2.00 percent to 5.00 percent and require semi-annual interest payments on June 1 and December 1 and annual principal payments on June 1 each year beginning June 1, 2021 until maturity on June 1, 2039.

On March 8, 2021, The District issued \$8,080,000 School Infrastructure Sales, Services and Use Tax Revenue Bonds, Series 2021A. The bonds were issued for school infrastructure projects and to current refund \$9,790,000 of the School Infrastructure Sales, Services and Use Tax Revenue and Refunding Bonds, Series 2013C on June 1, 2021. The District current refunded the Series 2013C bonds to reduce its debt service payments over the next ten years by \$1,522,542 and to obtain economic gain of \$1,187,023. The bonds interest rates range from 4.00 to 5.00 percent and require semi-annual interest payments on June 1 and December 1 and annual principal payments on June 1 each year beginning June 1, 2022 until maturity on June 1, 2029.

The revenue bonds will be repaid using statewide sales, service and use tax collected in the Capital Projects, Statewide Sales, Services and Use Tax Account.

The District has pledged future statewide sales, services and use tax revenues to repay the \$83,490,000 outstanding revenue bonds. The statewide sales, services and use tax revenue bonds were issued for the purpose of defraying a portion of the cost of school infrastructure. The bonds are payable solely from the proceeds of the statewide sales, services and use tax revenue received by the District. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District. The total principal and interest remaining to be paid on the bonds is \$100,788,782. For the current year, principal of \$5,925,000 and interest of \$2,899,677 was paid on the bonds and total statewide sales and services tax revenues were \$14,401,355.

The resolution providing for the issuance of the revenue bonds included the following provisions:

- \$8,831,694 of the proceeds from the issuance of the revenue bonds shall be deposited to a reserve account to be used solely for the purpose of paying principal and interest on the bonds if insufficient money is available in the sinking account. The balance of the proceeds shall be deposited to the project account.
- All proceeds from the statewide sales, services and use tax shall be placed in a revenue account.
- Monies in the revenue account shall be disbursed to make deposits into a sinking account to pay the principal and interest requirements of the revenue bonds for the fiscal year. At June 20, 2022, there was \$735,975 deposited in the sinking account.
- Any monies remaining the revenue account after the required transfer to the sinking account may be transferred to the project account to be used for any lawful purpose.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 6. Long-Term Debt (Continued)

Details of the District's June 30, 2022 revenue bonds indebtedness is as follows:

Note 6. Long-Term Debt (Continued)

General Obligation Bonds:

On October 4, 2016, the District issued \$30,915,000 in General Obligation Bonds, Series 2016B to crossover advance refund \$31,465,000 of outstanding general obligation bonds dated May 1, 2009. On August 1, 2018, the District issued \$25,240,000 in General Obligation Bond Series 2018. During the year ended June 30, 2019, the District issued General Obligation Bonds of \$103,640,000 for capital facility construction for Northwest High School. During the year ended June 30, 2021, the District issued General Obligation Bonds of \$84,290,000 and on April 26, 2022, the District issued \$59,920,000. The bonds were issued to build, furnish, and equip two middle level buildings, an elementary building, a pool athletic facility, and improve sites; therefore, to build, furnish and equip an addition to the Waukee Innovation and Learning Center.

Details of the District's June 30, 2022 general obligation bonded indebtedness are as follows:

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 6. Long-Term Debt (Continued)

As of June 30, 2022, the District did not exceed its legal debt margin computed as follows:

Total assessed valuation	\$ 8,753,171,887
Debt limit, 5% of total assessed valuation	\$ 437,658,594
Amount of debt applicable to debt limit, total indebtedness:	
General obligation bonds	284,557,068
General obligation capital loan notes	19,339,705
Equipment note	3,332,349
Equipment lease	279,315
	<u>307,508,437</u>
Excess of debt limit over debt outstanding, legal debt margin	\$ <u>130,150,157</u>

Note 7. Early Retirement

The District does not offer an early retirement plan each year. During the year ended June 30, 2022, the District offered an early retirement plan. Eligible employees were at least 55 year old on June 30 and employees completed required years of continuous service to the District. Employees filed a letter of intent which was required to be approved by the Board of Education.

The early retirement incentive offered for each eligible employee was a non-elective cash contribution of 50% times the 2021-2022 contract salary amount plus \$10,000 lump sum into the District 403(b). The early retirement cash benefit will be paid into the District 403(b) plan. The payment may be made in one lump sum in July 2022.

In June 2019, the District offered a voluntary early retirement plan to its employees. Eligible employees were at least 55 years old on June 30 and employees completed 15 years of continuous service to the District. Employees filed a letter of intent which was required to be approved by the Board of Education. The early retirement incentive offered for each eligible employee was equal to 30% of the current year's base salary. In addition, the District paid an amount not to exceed \$6,000 per year towards the cost of medical insurance until the employee becomes eligible for Medicare. The early retirement cash benefits were paid in July following the start of retirement into a tax shelter annuity in the State of Iowa plan of the employee's choice.

At June 30, 2022, the District has obligations to 16 participants with a total liability of \$208,000. Actual early retirement expenditures for the year ended June 30, 2022 totaled \$763,653. The early retirement is recorded as a long-term liability of the governmental activities in the government-wide financial statements. Early retirement benefits are paid by the special revenue, Management Levy Fund.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 8. Postemployment Benefits Other Than Pensions (OPEB)

General Information about the OPEB Plan

Plan description: The District administers a single-employer benefit plan which provides medical and prescription drug benefits for employees, retirees and their spouses. Group insurance benefits for employees are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Benefits provided: Individuals who are employed by Waukeee Community School District and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical and prescription drug benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	35
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	1,491
	<u>1,526</u>

The full monthly premium rates as of July 1, 2022 for each plan are as shown below:

Rate Tier	HMO	PPO
Single	\$ 517	\$ 646
Subscriber and Spouse	1,059	1,323
Subscriber and Child(ren)	979	1,723
Family	1,587	1,983

Total OPEB Liability

The District's total OPEB liability of \$3,481,186 was measured as of June 30, 2022 and was determined by an actuarial valuation as of June 30, 2022.

Actuarial assumptions and other inputs: The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	3.00% per annum
Salary increases	3.50% per annum
Discount rate	3.54% per annum
Retirees' share of benefit-related costs	100%
Health care cost trend rate	7.00%
	The trend rate is reduced by 0.25% each year until reaching the ultimate trend rate of 4.00%

The discount rate was based on the Bond Buyer 20-Bond GO index. Mortality rates were based on the PUB-2010 headcount weighted base mortality table, projected generationally using Scale MP-2021, applied on a gender-specific and job class basis. The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period 2010 – 2022.

Waukeee Community School District

Notes to Basic Financial Statements
Year Ended June 30, 2022

Note 8. Other Postemployment Benefits (Continued)

Changes in the Total OPEB Liability

There were no changes as a result of changes in benefit terms.

Changes of assumptions or other inputs reflect a change in the discount rate from 2.16% per annum in 2021 to 3.54% per annum in 2022. The mortality projection scale was updated from MP-2019 to MP-2021 and the trend rates were reset to an initial rate of 7.00% grading down by 0.25% per year until reaching the ultimate rate of 4.00%.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 8. Other Postemployment Benefits (Continued)

For the year ended June 30, 2022, the District recognized OPEB expense of \$487,223. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 104,684	\$ (61,505)
Changes of assumptions or other inputs	106,845	(284,528)
Net difference between projected and actual investments	-	-
Total	\$ 211,529	\$ (346,033)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:

2023	\$ 6,438
2024	6,438
2025	6,438
2026	6,438
2027	6,438
Thereafter	102,314
	\$ 134,504

Note 9. Pension and Retirement Benefits

Plan Description – IPERS membership is mandatory for employees of the District, except for those covered by another retirement system. Employees of the District are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at 7401 Register Drive P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits – A regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012, will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25 percent for each month that the member receives benefits before the member's earliest normal retirement age. For service earned starting July 1, 2012, the reduction is 0.50 percent for each month that the member receives benefits before 65.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 9. Pension and Retirement Benefits (Continued)

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions – Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires that the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll, based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2022, pursuant to the required rate, Regular members contributed 6.29 percent of covered payroll and the District contributed 9.44 percent of covered payroll for a total rate of 15.73 percent.

The District's contributions to IPERS for the year ended June 30, 2022 were \$8,400,312.

Net Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2022, the District reported a liability of \$1,426,630 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's share of contributions to the pension plan relative to the contributions of all IPERS participating employers. At June 30, 2021, the District's collective proportion was 1.0176310 percent, which was an increase of .0563029 from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the District recognized pension expense of \$2,177,984. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,085,466	\$ 1,089,871
Changes of assumptions	933,138	-
Net difference between projected and actual earnings on pension plan investments	-	51,689,103
Changes in proportion and differences between District contributions and proportionate share of contributions	6,930,729	-
District contributions subsequent to the measurement date	8,400,312	-
Total	\$ 17,349,645	\$ 52,778,974

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 9. Pension and Retirement Benefits (Continued)

\$8,400,312 reported as deferred outflows of resources related to pensions resulting from the District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	
2022	\$ (10,153,445)
2023	(10,694,651)
2024	(10,192,218)
2025	(13,104,381)
2026	315,054
Thereafter	-
Total	\$ (43,829,641)

There were no non-employer contributing entities to IPERS.

Actuarial Assumptions – The total pension liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of Inflation (effective June 30, 2017)	2.60 percent per annum
Salary Increases (effective June 30, 2017)	3.25 percent to 16.25 percent average, including inflation. Rates vary by membership group.
Investment rate of return (effective June 30, 2017)	7.00 percent per annum, compounded annually, net of investment expense, including inflation
Wage growth (effective June 30, 2017)	3.25 percent per annum, based on 2.60 percent inflation and 0.65 percent real wage inflation

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018. Mortality rates were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 9. Pension and Retirement Benefits (Continued)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	22.0%	4.43%
International equity	17.5%	6.01%
Global smart beta equity	6.0%	5.10%
Core plus fixed income	26.0%	(0.29%)
Public credit	4.0%	2.08%
Cash	1.0%	-0.25%
Private equity	13.0%	9.51%
Private real assets	7.5%	4.63%
Private credit	3.0%	2.87%
Total	100%	

Discount Rate – The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the contractually required rate and that contributions from the District will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate.

	1% Decrease (6.0%)	Discount Rate (7.0%)	1% Increase (8.0%)
District's proportionate share of the net pension liability	\$ 50,493,086	\$ 1,426,630	\$ (39,694,179)

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payables to the Pension Plan – At June 30, 2022, the District reported payables to the defined benefit pension plan of \$681,634 for legally required employer contributions and \$454,182 for legally required employee contributions which had been withheld from employee wages but not yet remitted to IPERS.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 10. Risk Management

Waukee Community School District is exposed to various risks of loss related to torts; theft; damage to an destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. During the year ended June 30, 2022, there were no significant reductions in coverage.

Partial Self-Funded Dental Insurance Plan:

The District began a partial self-funded dental insurance plan during the year ended June 30, 2005. The plan is administered through a service agreement with Mercer. The District assumes liability for a maximum of the first \$1,500 of dental claims for each employee who participates in the plan. Employees participating in the plan are charged a premium each year to cover any estimated costs of the plan. The District reports the plan in the Internal Service, Self-Funded Dental Plan Fund. There was no claims liability at June 30, 2022.

A reconciliation of changes in the aggregate liabilities for claims for the years ending are as follows:

	2022	2021
Unpaid claims at beginning of year	\$ -	\$ -
Incurred claims	790,417	620,154
Payment	790,417	620,154
Unpaid claims at end of year	\$ -	\$ -

Self-Funded Health Insurance Plan:

The District has established the internal service fund to account for a premium and claim payments for a self-insured group health insurance plan for the District's employees to meet potential losses from medical claims. The District purchases commercial insurance to provide for aggregate stop-loss coverage for the excess of 125 percent of estimated claims for the plan year and specific stop-loss reinsurance coverage for the excess \$100,000 in insured claims for any one covered individual. Settled claims have not exceeded the commercial coverage in any of the past three calendar years.

Payments are made to the plan based on the actuarial estimates of amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claims payable include all known claims and an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are estimated by considering the effects of inflation, recent claims settlement trends, including frequency and amount of pay-outs and other economic and social factors. The plan receives an annual actuarial opinion and an annual report is filed with the State of Iowa Insurance Division.

Changes in the balances of claims payable during the years ending are as follows:

	2022	2021
Claims payable, beginning of year	\$ 1,355,796	\$ 1,229,278
Incurred claims (including IBNR and changes in estimates)	10,951,972	8,971,161
Claim payments	10,637,726	8,844,643
Claims payable, end of year	\$ 1,670,042	\$ 1,355,796

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 11. Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$5,919,633.

Note 12. Commitments and Contingencies

As of June 30, 2022, the District is involved in various claims against the District that arise in the normal course of operations, which are covered by insurance. The outcome and eventual liability of the District, if any, from these claims and any unasserted claims is not known at this time; however, management does not believe they will be material to the basic financial statements.

The District has entered contract commitments with contractors for completion of several construction projects. The total contract commitments are \$253,698,436 of which \$215,159,766 has been incurred as of June 30, 2022. The unpaid commitments balance is \$38,538,670. Revenue and debt will provide funding for these future expenditures.

Note 13. Categorical Funding

In accordance with the Iowa Administrative Code Section 98.1, categorical funding is financial support from the state and federal governments targeted for particular categories of students, special programs, or special purposes. This support is in addition to school district or area education agency general purpose revenue, for purposes beyond the basic educational program and most often has restrictions on its use. Any portion of categorical funding provided by the state that is not expended by the end of the fiscal year must be carried forward as a restricted fund balance.

Program	Contract Amount
Teacher salary supplement	\$ 111,756
Teacher leadership	908,258
Educator quality, professional development	450,566
Computer science professional development	2,640
Successful progression for early readers	1,041
Other	2,288
Total categorical funding	\$ 1,476,549

Note 14. Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments. Other entities within the District provide tax abatements for urban renewal and economic development projects pursuant to Chapter 15 and 403 of the Code of Iowa.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 14. Tax Abatements (Continued)

Property tax revenues of the District were reduced by the following amounts for the year ended June 30, 2022 under tax abatement agreements of other entities:

Entity	Tax Abatement Program	Amount of Tax Abated
City of Waukee, Iowa	Urban renewal and economic development projects	\$ 567,765
City of West Des Moines, Iowa	Urban renewal and economic development projects	640,018
City of Clive, Iowa	Urban renewal and economic development projects	18,449

The State of Iowa reimburses the District an amount equivalent to the increment of valuation on which property tax is divided times \$5.40 per \$1,000 of taxable valuation. For the year ended June 30, 2022, this reimbursement amounted to \$602,577.

Note 15. New Governmental Accounting Standards Board (GASB) Statements

The District adopted the following statements during the year ended June 30, 2022:

GASB Statement No. 87, *Leases*. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

The District restated governmental activities net position from \$189,823,278 to \$193,193,914 as a result of the new statement.

GASB Statement No. 89, *Accounting for Interest Cost before the End of a Construction Period*. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that was previously accounted for in accordance with the requirements of paragraphs 5-22 of Statement No. 62, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or an enterprise fund. This statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles.

Waukee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 15. New Governmental Accounting Standards Board (GASB) Statements (Continued)

GASB Statement No. 92, *Omnibus 2020*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including leases, intra-entity transfers, assets accumulated for postemployment benefits, applicability of Statement No. 84 to postemployment benefit arrangements, measurement of liabilities related to asset retirement obligations in a government acquisition, reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers, nonrecurring fair value measurements of assets or liabilities, and terminology to refer to derivative instruments.

GASB Statement No. 93, *Replacement of Interbank Offered Rates*. The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. This statement provides exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced as the reference rate of the hedging derivative instrument's variably payment, clarifies the hedge accounting termination provisions when a hedge item is amended to replace the reference rate, clarifies the uncertainty related to the continued availability of IBORS, removes LIBOR as an appropriate benchmark interest rate for qualitative evaluation, identifies a Secured Overnight Financing Rate and the Effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap, and clarifies the definition of reference rate, as it is used in Statement 53, as amended.

GASB Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans- an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 3*. The primary objective of this Statement are to 1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; 2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and 3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

Except for the restatement for GASB Statement No. 87, the implementation of the above statements did not have a material impact on the District's Financial Statements.

As of June 30, 2022, GASB had issued several statements not yet required to be implemented by the District. The Statements which might impact the District are as follows:

GASB Statement No. 91, *Conduit Debt Obligations*, issued May 2020, will be effective for the District beginning with its fiscal year ending June 30, 2023. This Statement clarifies the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements association with conduit debt obligations; and improving required note disclosures. This Statement requires issuers to disclose general information about their conduit debt obligations organized by type of commitment, including the aggregate outstanding principal amount of the issuers' conduit debt obligations and a description of each type of commitment. Issuers that recognize liabilities related to supporting the debt service of conduit debt obligations also should disclose information about the amount recognized and how the liabilities changed during the reporting period.

Waukeee Community School District

Notes to Basic Financial Statements Year Ended June 30, 2022

Note 15. New Governmental Accounting Standards Board (GASB) Statements (Continued)

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, issued March 2020, will be effective for the District beginning with its fiscal year ending June 30, 2023. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction.

Statement No. 96, *Subscription-Based Information Technology Arrangements*, issued May 2020, will be effective for the District beginning with its fiscal year ending June 30, 2023. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement 1) defines a SBITA; 2) establishes that a SBITA results in a right-to-use subscription assets- an intangible asset- and a corresponding subscription liability; 3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and 4) requires note disclosures regarding a SBITA.

GASB Statement No. 99, *Omnibus 2022*, issued April 2022, will be effective for the District beginning with its fiscal year ending June 30, 2023. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees.

GASB Statement No. 100, *Accounting Changes and Error Corrections- An Amendment of GASB Statement No. 62*, issued June 2022, will be effective for the District beginning with its fiscal year ending June 30, 2024. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

GASB Statement No. 101, *Compensated Absences*, issued June 2022, will be effective for the District beginning with its fiscal year ending June 30, 2025. The objective of this Statement is update the recognition and measurement guidance for compensated absences by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. For financial statements prepared using the current financial resources measurement focus, it requires that expenditures be recognized for the amount that normally would be liquidated with expendable available financial resources. This Statement amends the existing requirements to disclose the gross increases and decreases in a liability for compensated absences to allow governments to disclose only the net change in the liability (As long as they identify it as a net change). In addition, governments are no longer required to disclose which governmental funds typically have been used to liquidate the liability for compensated absences.

The District's management has not yet determined the effect these Statements will have on the District's financial statements.

Notes to Schedule:Changes of benefit terms:

There were no changes as a result of changes in benefit terms.

Changes of assumption:

Changes of assumptions or other inputs reflect a change in the discount rate

The following are the discount rates used in each period:

3.54% 2.16%

In 2022, the trend rates were reset to an initial rate of 7.00% grading down by 0.25% per year until reaching the ultimate rate of 4.00%.

The mortality projection scale was updated from MP-2019 to MP-2021.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement No. 75

Notes to Required Supplementary Information

Note 1. Budgets and Budgetary Information

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds except internal service, and fiduciary funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the accrual basis.

Formal and legal budgetary control for the certified budget is based upon four major classes or expenditures known as functions, not by fund or fund type. These four functions are instruction, support services, noninstructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated function level, not by fund. The Code of Iowa also provides that District expenditures in the General Fund may not exceed the amount authorized by the school finance formula. During the year, the District adopted one budget amendment increasing budgeted expenditures by \$28,525,000.

During the year ended June 30, 2022, expenditures did not exceed the amounts budgeted.

Note 2. Iowa Public Employees' Retirement System Pension Liability

Changes of benefit terms:

There are no significant changes in benefit terms.

Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

Waukee Community School District

Notes to Required Supplementary Information

Note 2. Iowa Public Employees' Retirement System Pension Liability (Continued)

The 2014 valuation implemented the following refinements as a result of quadrennial experience study:

- Decreased the inflation assumption from 3.25 percent to 3.00 percent.
- Decreased the assumed rate of interest on member accounts from 4.00 percent to 3.75 percent per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Reduced retirement rates for sheriffs and deputies between the ages of 55 and 64.
- Moved from an open 30 year amortization period to a closed 30 year amortization period for the UAL beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20 year period.

Statistical Section

Waukee Community School District

Statistical Section Contents

The statistical section of the District's annual comprehensive financial report presents detailed information as a context for understanding what the information presented in the financial statements, note disclosures and required supplementary information say about the District's overall financial health.

Contents	Page
Financial Trends	
These schedules contain trend information to help the reader understand how the District's financial performance and well being have changed over time.	89-104
Revenue Capacity	
These schedules contain information to help the reader assess the District's most significant local revenue sources, the property tax (or sales tax).	105-116
Debt Capacity	
These schedules present information to help the reader assess the affordability of the District's current level of outstanding debt and the District's ability to issue additional debt in the future.	117-124
Demographic and Economic Information	125-130
These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.	
Operating Information	131-132
These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial report for the relevant year.

Waukee Community School District

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2022

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Waukee Community School District under programs of the federal government for the year ended June 30, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or cash flows of the District.

Note 2. Significant Accounting Policies

Expenditures reported on the schedule of expenditures of federal awards are reported on the modified accrual or accrual basis of accounting based on the fund type of the program. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Revenue from federal awards is recognized when the District has done everything necessary to establish its right to revenue. For governmental funds, revenue from federal awards is recognized when it is both measurable and available. Expenditures of federal awards are recognized in the accounting period when the liability is incurred. Revenue from federal awards is recognized when the District has done everything necessary to establish its right to revenue. For governmental funds, revenue from federal awards is recognized when it is both measurable and available. Expenditures of federal awards are recognized in the accounting period when the liability is incurred.

Note 3. Indirect Cost Rate

The District has elected not to use the 10-percent de minimus indirect cost rate allowed under the Uniform Guidance.

**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance With *Government Auditing Standards***

To the Board of Education
Waukee Community School District
Waukee, Iowa

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Waukee Community School District (the District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 5, 2022.

Our report includes an emphasis of matter paragraph for the implementation of Governmental Accounting Standards Board Statement No. 87.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of Waukee Community School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of non-compliance or other matters which are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2022 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance For Each
Major Federal Program and On Internal Control
Over Compliance Required by the Uniform Guidance**

To the Board of Education
Waukee Community School District
Waukee, Iowa

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Waukee Community School District's (the District) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Waukee Community School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulation, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error; as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit,
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2022-001. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on Waukeet Community School District's response to the noncompliance finding identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Waukeet Community School District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal

program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

10.555 Commodities (Noncash)

10.555 Commodities (Noncash, Department of Defense)

10.559 Summer Food Service Program for Children

Federal Award Year: 2022

Finding: The District used incorrect methodology for calculation of indirect costs.

Criteria: The federal criteria for indirect costs and allocations is established in 2 Code of Federal Regulations (CFR) Part 200, Appendix VII: "...Base means the accumulated direct costs (normally either total direct salaries and wages or total direct costs exclusive of any extraordinary or distorting expenditures) used to distribute indirect costs to individual Federal awards. The direct cost base selected should result in each Federal award bearing a fair share of the indirect costs in reasonable relation to the benefits received from the costs." "...The distribution base may be (1) total direct costs (excluding capital expenditures and other distorting items, such as pass-through funds, subcontracts in excess of \$25,000, participant support costs, etc.), (2) direct salaries and wages, or (3) another base which results in an equitable distribution."

The Iowa Department of Education criteria was established in the Iowa Department of Education Local Education Agency Federal Indirect Cost Rate Proposal dated December 2019 and Guidance for State Agencies, Public School District School Food Authorities dated March 29, 2013. Guidance to Iowa School Food Authorities was updated in September 2022 to clarify the earlier memos and guidance the department had issued. The March 29, 2013 document states in the section *How to Apply the Indirect Cost Rate*, "...The federal grant amount to which the rate may be applied is the total expenditures in the federal grant excluding the same unallowed or excluded costs that were unallowed or excluded within the state plan." The Iowa Department of Education provided the worksheet calculation to school districts which requires districts to compare total direct base cost expenditures and total federal revenues and to use the lesser of the two totals for the calculation.

Condition: The District misinterpreted the above Iowa Department of Education guidance and charged the program for indirect costs using a calculation based on total federal revenue rather than the direct cost base expenditures which were less than total federal revenue for the fiscal year.

(Continued)

Waukeee Community School District

Schedule of Findings and Questioned Costs Year Ended June 30, 2022

Cause: The calculation for the indirect costs charged to the program has historically been based on total federal revenues due to direct cost base expenditures exceeding federal revenues received in prior years. However, due to the COVID-19 pandemic funding to the program in the current year, federal revenues exceeded the direct cost base expenditures. The District charged the program using the same calculation as the prior year instead of adjusting the calculation for the lesser of the two base amounts.

Effect: The Child Nutrition Cluster program was overcharged for indirect costs.

Questioned Costs: Known questioned costs are \$151,885.

Context: Indirect costs represent 1.8 percent of total program expenditures reported on the Schedule of Expenditures of Federal Awards.

Identification as a repeat finding: This is not a repeat finding.

Recommendation: We recommend the District revise the indirect cost calculation to include a comparison of federal revenues and direct cost base expenditures and use the lesser of the two totals for the annual adjustment. We recommend the District use the Iowa Department of Education template.

Response and Corrective Action Plan: The overcharge was corrected by a journal entry as of June 30, 2022. The District will update the annual calculation to include a comparison of the base used for the indirect cost adjustment.

Internal control deficiencies:

No matters were reported.

Part IV: Other Findings Related to Statutory Reporting

IV-A-22 - Certified Budget: District expenditures for the year ended June 30, 2022 did not exceed the amounts budgeted.

IV-B-22 - Questionable Expenditures: There were no expenditures noted that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.

IV-C-22 - Travel Expense: No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.

IV-D-22 - Business Transactions: No business transactions between the District and District officials or employees were noted.

IV-E-22 - Restricted Donor Activity: No transactions were noted between the District, District officials or District employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.

IV-F-22 - Bond Coverage: Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.

IV-G-22 - Board Minutes: No transactions requiring Board approval which had not been approved by the Board were noted.

(Continued)

Waukee Community School District

Schedule of Findings and Questioned Costs Year Ended June 30, 2022

IV-H-22 - Certified Enrollment:

Finding: The District identified variances in certified enrollment certified to the state in October 2021.

Recommendation: We recommend the District review certified enrollment data for accuracy prior to submission to the state.

Response and Corrective Action Plan: The District will continue to review data prior to submission. Unfortunately, facts are learned after certification date that result in required adjustments.

Conclusion: Response accepted

IV-I-22 - Supplementary Weighting: No variances regarding the supplementary weighting certified to the Iowa Department of Education were noted.

IV-J-22 - Deposits and Investments: No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy were noted.

IV-K-22 - Certified Annual Report: The certified annual report was certified timely to the Iowa Department of Education.

IV-L-22 - Categorical Funding: No instances of categorical funding being used to supplant rather than supplement other funds were noted.

IV-M-22 - Statewide Sales and Services Tax: No instances of noncompliance with the use of the statewide sales and services tax revenue provisions of Chapter 423F.3 of the Code of Iowa were noted. Pursuant to Chapter 423F.5 of the Code of Iowa, the annual audit is required to include certain reporting elements related to the statewide sales and services tax revenue. Districts are required to include these reporting elements in the Certified Annual Report (CAR) submitted to the Iowa Department of Education. For the year ended June 30, 2022, the District reported the following information regarding the statewide sales and services tax revenue in the District's CAR:

Beginning balance		\$ 40,700,934
Revenues/other financing sources:		
Statewide sales and services tax revenue	\$ 14,401,355	
Other local sources	254,622	14,655,977
Expenditures/other financing uses:		
Support services	144,167	
Transfers out, debt service	10,528,182	
School infrastructure:		
Buildings	14,396,523	25,068,872
Ending balance		\$ 30,288,039

For the year ended June 30, 2022, the District did not reduce a debt service levy as a result of the monies received under Chapter 423E or 423F of the Code of Iowa.
